CAMPAIGN FOR RED CROSS WAR  
RELIEF IS BEING FORMULATEDEach Member of Finance Committee  
of Ten to Appoint Three Others  
to Compose Ten Teams

WILL GET FURTHER DATA

E. B. Thomas To Attend Red Cross  
Representatives Meeting in  
Indianapolis Thursday

WILL REACH AUXILIARIES

Action on Appeal From Cities  
Stricken by Tornado is Post-  
poned Until After Thursday

The war relief campaign of the Red Cross, which will be conducted Red Cross Week—June 18 to 25—was under discussion at the meeting of the finance committee and the executive committee of the Rush county chapter at headquarters last night and partial plans for organization to raise Rush county's share were made.

The consensus of opinion at the meeting was that personal solicitation was the only feasible means of attempting such a campaign, and with this idea in view, each member of the finance committee of ten members was instructed to appoint three other persons, each set of four to constitute a canvassing team. Means of conducting the canvass in the city with these ten teams and also methods of reaching the remainder of the county through the various auxiliaries will be worked out later.

The appeal of the central division of the American Red Cross for aid for the tornado sufferers of Mattoon and Charleston, Illinois was presented by E. B. Thomas, Rush county chairman. Several members of both committees expressed the belief that it would be unwise to conduct any extensive campaign in the face of the proposed war relief fund campaign.

It was suggested that the chapter might make a donation from the treasury, but an objection was raised as to whether or not the Red Cross had the authority to appropriate money for any other means than war relief work, whether it be war or any sort of disaster.

The whole question was left open for Chairman Thomas to investigate when he attends a meeting of Red Cross representatives from all over the state in Indianapolis tomorrow. At the same time he will get some more information about the war relief fund campaign and report back next Monday night to a meeting of

Benefit Ball For The  
Red Cross Is Likely  
To Be Arranged Soon.

Plans for a ball for the benefit of the Red Cross at the new building being erected for the Modern Appliance company, which was suggested by R. L. Tompkins a few weeks ago, are likely to be realized very soon, especially in view of the fact that the Red Cross is setting about to raise money for the Society's war relief fund.

A group of citizens will probably band themselves together as a committee and on their own initiative give the ball, with the understanding that the proceeds shall go to the Red Cross. A sum variously estimated at from \$500 to \$1,000 can be raised in this manner and many feel it would be a mistake not to take advantage of the opportunity.

The ball will not be given under the auspices of the Red Cross as an organization, but many actively interested in the Red Cross are behind the movement to give the ball.

the augmented finance committee.

A meeting of Red Cross chairmen from all over Indiana has been called, to be held at the home of Eli K. Lilly in Indianapolis tomorrow night, when a report will be made by William Fortune and Frank D. Stalnaker of the conference in Washington recently of the Red Cross war council, which will have in charge the activities in connection with Red Cross week. Mr. Thomas at that time expects to learn more about the plans for the war relief fund campaign and get some inspiration from those who were present at the Washington conference and in turn impart it to the finance committee next Monday night.

It now falls to the lot of the Rush county Red Cross to make the people of the county understand that they have responsibilities in this matter. The Red Cross expects, before Red Cross week arrives, to give every person in Rush county a new vision of what the Red Cross means—just as some members of the two committees last night received a new vision of the greatness of the endeavor. The Red Cross wishes to imbed indelibly on the conscience of every man and woman in Rush county that no matter how much they do or

Ordered to Submit Set of Spark  
Plugs He Invented to GovernmentMorton Conner Receives Reply to  
Letter Submitting His Inven-  
tion For Use in Airplanes

TRIPLICATE FEATURE NEW

Morton Conner, who has invented a triplicate spark plug for motors, today received an order from the government to submit a set of the plugs to be tested in government airplanes.

Mr. Conner submitted the invention to Brigadier-General George O. Squires, signal officer, several days ago, and Gen. Squires thought so much of the plugs that he passed the matter on to the chief engineer of the aircraft division, who today asked for a set of the plugs.

Mr. Conner has a set of molds with which the plugs can be made and as soon as he can find a draftsman, will make them and forward them to the government. The letter

from the chief engineer warned Mr. Conner against using porcelain in making the plugs. Mr. Conner had already discovered that porcelain was not practical for the installation of the plugs because the expansion and contraction was different from that of metal.

Since submitting the model, Mr. Conner had written to Gen. Squires informing him that he expected to use pyrex ware (new glass) which is able to withstand changes of temperature.

Mr. Conner had previously had some of the plugs made at Peru out of porcelain and it was then that he found this material was not practical.

La Porte—Twenty-eight high school boys, in overalls have planted six acres in potatoes under direction of Prof. I. L. Sonner. The boys are receiving a school credit for the work and will continue all summer with the work.

ARMED U. S. VESSEL  
SINKS SUBMARINEState Department Believes There is  
No Doubt But That U-Boat  
Was Bagged This Time

RUNNING FIGHT; MANY SHOTS

(By United Press.)

Washington, June 6.—In an hour and a half running fight between an American armed merchantman and a German submarine, the merchantman sank the submersible, according to official advices to the state department today.

The submarine flying no flag, fired thirty-five shots and the steamer twenty-five. According to state department reports the last shot pierced the U-boat, which reared out from the water, stern up, standing upright for a few seconds, then disappeared from sight.

The steamer captain and the commander of the American armed guard believe the submarine was sunk and the department believes in this case there is no question the U-boat was bagged.

The name of the steamer is withheld by the state department but it is known the vessel referred to was not the Mongolia.

MAKES A PLEA FOR  
HIGHER EDUCATIONDr. Horace Ellis, State Superintendent,  
Delivers Address at Eighth  
Year Commencement

AUDITORIUM IS THROGGED

Milo Aiken, Honor Student of Class,  
Marches at Head of Parade  
Carrying American Flag

Urging parents not to discourage their children from attending high school or aspiring for a higher education, Dr. Horace Ellis, state superintendent of public instruction, delivered the address this afternoon at the educational day exercises at the Graham Annex auditorium.

One of the largest crowds ever attending a similar event was present. The building was completely filled and standing room was a premium. Superintendent George stated that with the increasing interest in this annual event the chances were that next year the event would have to be held in the coliseum.

This year's class numbered 148. The parade from the court house to the school building was led by Milo Aiken, son of Mr. and Mrs. Edson Aiken, who carried a new American flag. He is the honor student of this year's class, having received

MORE RECRUITS ARE  
OBTAINED FOR CO. BMore Men Recruited Here This Week  
Than in Any Infantry Com-  
pany in The State

NOT FAR FROM WAR STRENGTH

Three additional recruits were secured today for Company B. Capt. Kiplinger is working on a plan to enable him to continue receiving recruits between the ages of 21 and 31 and believes he will be permitted to continue the recruiting. A total of 24 men were sworn into service yesterday.

The local company secured more recruits this week than any infantry company in the state and Capt. Kiplinger is well pleased with the work. It is believed that the company will reach war strength in a short time.

MANY STATES MAY  
EXCEED ESTIMATEIndications Today Are United States  
Potential Soldiers May Be More

LENIENCY IS TO BE SHOWN

(By United Press.)

Washington, June 6.—America may have more potential soldiers than she thought she had.

Against ten million men the census bureau estimated would respond to the call to register, indications today were that many states would exceed their estimation.

Officials today begun a nationwide hunt for the comparatively few slackers.

It is the duty of the registration boards to register persons liable to service in their jurisdictions, who could not be registered yesterday. The penalty in such cases will be suspended if the men appear voluntarily.

The provost marshal today wires governors of all states telling them to follow a liberal policy regarding those unable to register because of the rush at the polls or inability to reach the voting place.

1,460 REGISTER  
IN RUSH COUNTYNumber Falls Short of Census Bu-  
reau Estimate but is Very Gratify-  
ing to Local Officials

NO EVASIONS ARE REPORTED

In Two Precincts no Exemptions Are  
Asked—No Alien Enemies Are  
Found in County

Complete official returns from the registration for the selective army in Rush county show 1,460 men are subject to the draft. All of the precinct registrars had made their returns to the clerk's office by noon today as provided by law and this afternoon the work of tabulating the results and preparing a list of the men registered for the newspapers and to post in public places started.

All of this work is being done by volunteers and Clerk Moore believes he will have more help than he can use. While the total number of men registered fell short of the estimate of the census bureau for Rush county, the result nevertheless is gratifying. The census bureau estimated the number at 1,645.

The registration places closed last night at nine o'clock. The law kept the polls open many hours longer than necessary in this county. Many of the registration places

Milroy Red Cross Feeds  
Registrars and Pins  
Ribbons on Young Men.

The members of the precinct registration boards in Anderson township would not complain if they had to work every day as they know they would be well fed. The Red Cross at Milroy showed a fine spirit of patriotism yesterday by serving sumptuous meals to the boards of the two precincts in Anderson township. The three churches of Milroy also combined to impress upon the young men the solemnity of the occasion. Every man registering was given a blue ribbon badge bearing the inscription, "I have registered for God and Home and Native Land." A total of 136 registered in the two precincts and the men wore the badges the balance of the day. There was no chance for any young man in the township to forget to register.

500 WATER METER CLAIMS LET;  
CITY TO ENFORCE NEW STATUTETO ASK COUNTY TO  
PAY FOR ITS LIGHTSCouncil Discovers Act of Last  
Legislature Making it Manda-  
tory Upon County Council

TO APPROPRIATE THE MONEY

City Attorney Will Draw up Reso-  
lution Asking For Pay For  
Street Lamps on Square

The city council is preparing to enforce a law passed by the last legislature providing that the county shall pay for the lighting of the decorative street lamps abutting on the real estate of the county. Under the ruling of the public service commission the city is allowed a credit of \$5 for each of the street lamps as a public utility earning and if this same rate is applied under this new law the county will have to pay for at least twelve of the lamps and possibly more.

This innocent appearing law promises to bring into the city treasury at least \$1,440 a year. The matter was left to the water and light committee and the city attorney was instructed to draw up the resolution as is provided in the act. The committee will investigate before asking for any definite sum from the county council.

The law is found on pages 304-309 of the acts of 1917. Among other things the act provides that when a city contemplates installing a lighting system such as is in Rushville the county shall pay the expense of installation around all property owned by the county. There was an emergency clause on the act, but the law was not discovered until the acts were received. The act became a law without the signature of the governor.

It provides that the city shall pass a resolution and the county auditor, after receiving a certified copy of the resolution, shall call the county council in session within sixty days and make the necessary appropriation covering the expense of the lights. The law is mandatory and provides that the county commissioners shall allow the claims.

Sections 4 and 5 of the law follow:

Sec. 4—Whenever a general lighting system is established under the provisions of any law now in force

SUM ALLOWED IS  
CLOSE TO \$6,000Owing to Vast Amount of Work In-  
volved, Consumers Will Not  
Receive Money For Few Days

TO GET NOTICE WHEN READY

Dr. F. M. Sparks is Elected a Mem-  
ber of School Board to Suc-  
ceed Dr. J. B. Kinsinger

The city council allowed 280 claims representing about 500 water meters last night. Owing to the vast amount of work involved in writing out the warrants the city clerk did not attempt this last night and the people are urged not to bother the city treasurer regarding the money as they will be notified when the warrants reach the treasurer's office and are ready for distribution.

The amount of the claims allowed last night was close to \$6,000. There are about 200 meters yet to be paid. Many of these have filed no claims and several others are in controversy. The policy of the council regarding those claims over which there is a controversy will be to let the consumers settle the questions among themselves. In several cases two claims have been filed for the same meter and the council proposes to let the consumers agree as to where the money goes.

Dr. Frank M. Sparks was elected a member of the school board for a period of three years. Dr. Sparks succeeds Dr. J. B. Kinsinger, whose term expired with this meeting of the council. There was no opposition and the election was by the unanimous vote of the council.

The report of the city treasurer for the month of April was reported correct by the finance committee. The report showed the city had on hands the sum of \$24,584 at the close of business for the month of April. The May report was referred to the finance committee.

A petition signed by sixteen property owners requesting a street light at the south end of Harrison street was referred to the water and light committee.

The question of a sewer connection for the new factory in West Third street was taken up and disposed of by agreeing to build an extension of the city sewer system. The city engineer was instructed to

Employees of the Postoffice and  
Mauzy Co. Buy Liberty BondsSet Example That Will Have to be  
Followed by Other Small Inves-  
tors to Reach Apportionment

CANVASS OF COUNTY PLANNED

Employees of the postoffice and the Mauzy company, by subscribing to the Liberty Loan, have set an example that will be followed by many other small investors in the county, it was believed today.

Twenty-three men working for Uncle Sam—all there are employed at the Rushville office—last night agreed to subscribe for \$2050 worth of Liberty Loan bonds. Each man will take one or more of the \$50 bonds.

Fourteen employees of the Mauzy company yesterday made arrangements to subscribe \$700 to the Liberty Loan. Each one of the fourteen will buy a \$50 bond.

These are the first cases to come to light here where any set of em-

ployes banded themselves together to support the Liberty Loan. Officials of the county bankers organization say there will have to be much of this sort of patriotism displayed in order for Rush county to reach her apportionment.

The bankers organization is now organizing for a personal canvass of the county to bring Rush county's subscriptions up to eight per cent of the combined bank resources, which is \$337,360. The bankers plan to work fast because it must be known exactly what Rush county is going to do before June 15, the close of the campaign. Each township vice-chairman will be responsible for his township.

Estimates of the officials were today that the Liberty Loan subscriptions in the county were not over \$60,000 the last official report was made Monday and showed there was then \$50,100 subscribed. Another official report was to be made late this afternoon.

Hammond—Mrs. Blair Wilcox, 16 year old bride of five months is again Miss Thelma Potts. On the witness stand in Superior court Mrs.

Wilcox stated that her boy husband provided five dollars for her support during the five months they were married.

## DAMAGE SUIT WAS COMPROMISED TODAY

Case of James Gartin Against C. I. & W. Railroad, Outgrowth of Crossing Crash, Settled

### PLAINTIFF RECEIVED \$300

The damage suit of James Gartin against the C. I. & W. railway company, the outgrowth of an accident at the Main street crossing of the railroad in December when three engines struck the Gartin automobile, was compromised in circuit court this morning after a jury had been selected to try the case.

Under the terms of the compromise Gartin receives \$300 and retains the machine and the railroad pays the costs. The case was tried once and the jury disagreed. The three engines were enroute to the water tank east of the city when the accident occurred. The railroad maintained that Walter Gartin driver of the machine ran into the engines and Gartin alleged that the railroad was to blame.

## Amusements

The Princess offers Harold Lockwood and May Allison in the feature drama "Mister 44" for the first picture of tonight's program. It is said to contain many picturesque mountain scenes. In addition to this drama "Pathe News" will be shown. Tomorrow the next chapter of "Patricia" will be shown. On Friday Mary Pickford will be seen in the drama "Poor Little Peppina."

The Lyric will show "The Mystery of the Brass Bound Chest" for the first picture tonight. This is the first of the series of pictures "The Girl from Frisco." The second is a comedy "The New Salesman." "Seig Tribue" will complete the program. Tomorrow Gertrude McCoy will be shown in the five act drama "The Isle of Love."

Once again glad tidings are being spread broadcast telling of the coming of Barnum & Bailey's circus. The greatest show on earth, it is announced, will positively be exhibited within easy traveling distance this season and, as usual, a large percentage of the population will declare a holiday to visit the show.

The big circus will exhibit in Indianapolis on June 21.

It is promised that nothing to compare with the present Barnum & Bailey performance has ever been before seen under canvas. New and novel features have been imported from abroad and a program of ever-so-amazingly funny will occupy every instant in three rings, four stages, the riggings above and the hippodrome surrounding for more than three hours.

There is a new and gorgeous pageant entitled, "Aladdin and His Wonderful Lamp" in which nearly 1,400 persons and one thousand animals appear in magnificent costumes rivaling the dress of the people of the famous "Arabian Nights" story. This will be followed by a host of acts in all parts of the great enclosure. There will be sixty clowns, a greatly increased menagerie of wild and untamed animals, four great herds of elephants, several caravans of camels and many recently born baby animals.

The free street parade, which will start from the circus lot at ten o'clock on the morning of circus day, is entirely different from anything of the kind ever shown before. It will be three miles in length and there will be bands on foot, on horseback, and riding on top of wagons of red and gold. There will be six bands in all and they will be assisted by three steam calliopes and an electric piano.

With the largest tent in the history of all circuses, the Barnum & Bailey circus promises this season to make good its boast that it is the Greatest Show On Earth. Five railroad trains comprising 80 railroad cars, will be required to transport its paraphernalia, and more than 750 horses will be used to transfer its wagons from the railroad yards to the show lot.

Frankfort—Signs made of copper and aluminum are being placed on all highways in Clinton county.

## AUTOCRACY IS TRIUMPHANT

Appears Today That Chinese Republic is Practically Destroyed

(By United Press.)  
Tokio, June 6.—Autoocracy's forces in China apparently have triumphed and today it appears that the republic is practically destroyed. A division of China into two nations seems probable. A long struggle of republic, now enroute home to the rule is expected to follow the revolution.

## Dr. W. W. Willoughby, American

constitutional advisor to the former republic, now enroute home to the United States, best outlined the Chinese situation today.

Sir Knights Rushville Commandery number 49 will hold regular stated convocation on Wednesday evening, 7:30 o'clock. Also Temple degree will be conferred. Your attendance is desired. 7112.

HEADS THE COUNTY COUNCIL OF DEFENSE

A. L. Gary is Elected Chairman Today and Mrs. Cora Stewart is Named as Secretary

MEETING TIME IS ARRANGED

The County Council of Defense, announced last week by Judge Sparks, meet here today and perfected an organization. All seven members of the organization were present. A. L. Gary was selected as chairman and Mrs. Cora Stewart was named secretary. It was decided to meet here the first Saturday of every month and on the call of the chairman.

The exact work expected of the county council has not yet been outlined to the members. The other members of the council are Elmer Hutchinson, Arlington; Bert B. Benner, Mays; Edson L. Aiken, Raleigh; Charles T. Davis of Milroy, and Roland H. Hill of Carthage.

ALL ARE URGED TO ATTEND

Republicans Asked to be at Convention—Request to Decorate Made

Republicans here are rapidly completing arrangements for the district convention to be held here Friday. All republicans of Rush county are urged to attend the convention and with large delegations from all the surrounding counties, a record crowd is expected to be in the city that day. The decorating committee has requested all business men and people living in Main street as well as in the vicinity of the coliseum to decorate.

MAY BE PUT IN KENTUCKY

Indianapolis Likely to Lose Training Camp for 9th Division

(By United Press.) Indianapolis, Ind., June 6.—That the training camp for the Ninth army division consisting of Indiana and Kentucky, will be located in Kentucky if the war department approves General Barry's recommendations, was stated today by the Indianapolis News in a special dispatch from its Washington correspondent. The camp will probably go to Lexington, Ky., the dispatch says.

Mrs. Rachel Ginn is ill at the home of her parents, Mr. and Mrs. Josiah Bishop, in North Main street.

Eugene Dickerson, who was injured in the groin when caught in a line shaft at the Carthage straw board works a few weeks ago, was removed to his home in Carthage today from the Sexton sanatorium. He was accompanied home by his grandfather, J. H. Porter.

MOTHERS ACTIVE FOR PROHIBITION

Those Who Have Sons in Officers Training Camp Send Appeals to Both Senators

SHUMAKER GIVES STATEMENT

W. C. T. U. Has Spread to All Parts or State Books by English Writer On Subject

Indianapolis, Ind., June 6.—Hundreds of Indiana mothers who have sons taking the officers training course at Ft. Benjamin Harrison, are sending appeals to Senators Watson and New urging them to work and vote for war-time prohibition.

The campaign was started by the Indianapolis W. C. T. U. and has spread to all other parts of the state.

Other work to bring about war-time prohibition is being conducted by E. Shumaker, president of the Indiana Anti-Saloon league. Thousands of books by Arthur Mee, an English writer, have been distributed throughout the state. This book details the steps taken by the British government in regard to prohibition since the war started.

In a statement outlining the necessity for prohibition today, Mr. Shumaker said:

"We must protect the men at home in the factories, shops, on the farm and in all kinds of industries as well as those engaged in actual fighting. Congress has forbidden the sale of liquor to men in uniform. It is just as necessary to forbid it for civilians. The men at home must be in the best physical condition to manufacture munitions, produce food and other war articles needed by those on the battle fields. Without war prohibition the best work cannot be accomplished."

URGES SPRAYING OF APPLE TREES

Lafayette, Ind., June 4.—Spraying apple trees for the codling moth or apple worm should be done in Central Indiana this week. The season started last Monday in the southern part of the state and extended northward about twenty miles a day. Spraying should be done in the latter part of this week.

These dates were announced today by P. W. Mason of the entomology department of Purdue University, who has spent several weeks observing the codling moths come from their cocoons.

The moths appeared first on May 16 and as the worms are expected to begin to enter the apples in about two weeks after the moths emerge, the spray should be applied now to prevent damage.

Lack of labor, according to indications, may hamper the amount of spraying done this year. To overcome this, food experts at Purdue advise more co-operation between apple growers. It is pointed out that if two men with one sprayer can be engaged to do the work for an entire neighborhood, the cost will be reduced for each individual, as when each individual farmer prepares an outfit for spraying a few trees the cost in labor and equipment is higher than necessary.

The extension department of Purdue, on request of orchardists is sending out instructions on spraying to all who will ask for it.

CYCLONE AT BATTLE CREEK

Battle Creek, Mich., June 6.—A cyclone struck this city this afternoon, cutting a swath about two blocks wide through the center of the city, doing thousand of dollars damage and injuring several persons. So far as is known no one was killed.

RIVERS NEAR FLOOD STAGE

Wabash and White Both on Rampage in Southwestern Indiana

(By United Press.) Indianapolis, Ind., June 6.—Floods along the Wabash and White river in southwestern Indiana today were

doing great damage to the crops. Sheep and other live stock have been trapped by the water in lowlands and drowned. The Wabash reached the 35-foot stage at Riverton today and was still rising, as the result of continued rains. This is only three feet under the record set in the floods four years ago.

Attention Mr. Farmer

Vaccinate your hogs with the Swine Breeders Pure Serum made at Thorntown, Indiana, and be assured of good success in your vaccination.

We administer serum for \$1.75 a hundred or 1 3/4 cents a cc. for non-stockholders. This is strictly a high class serum and gives the farmer good insurance against the ravages of HOG CHOLERA. We are prepared to answer calls for vaccination at all times and have an office with the Nipp Insurance Co., over the Rushville National Bank.

### Buy All The Bonds You Can

Buy all the bonds you can finance and do it now—this is the moral now pointed out by a statement from the State Council of Defense. The subscription closes on June 15 and Uncle Sam should not be deprived of what he has so generously distributed to you—a share of national wealth and liberty. Nothing can aid the government in its war against Germany like money except to enlist in some branch of the service. Not all can enlist, but a large portion of the population of the United States can buy a bond.

As pointed out by the state council's statement, with the embryo army ready, Uncle Sam must equip it, transport it and sustain it. And Uncle must pay the freight. He must pay the soldiers monthly wage, the railroad's toll and the producers' price for food-stuffs. Besides he must furnish shelter, ammunition and medical attention. He must have ships and wireless. He must have transports—automobile, horse and mule. He must have thousands of other things. He must have them quickly. He must have them unstintedly. And Uncle Sam must pay, and pay and pay. And Uncle Sam can and will pay full price, promptly and willingly.

But the emergency calls for more ready cash than your Uncle Samuel is in habit of carrying around in his vest pocket. Therefore, he goes to his bankers, who are the people of the country, and makes a temporary loan. He proposes to apply the proceeds of this loan to the purposes above outlined. And practically every cent of it will be left right here at home, in our own coffers, notwithstanding hundreds of millions of dollars have been loaned to our European allies. They too, must provide, and being without our magnificent industrial equipment are forced to buy in America with American money, to the repayment of which they have pledged their national honor.

The continuing value of a dollar, from a commercial viewpoint, depends directly upon the strength and stability of the government which issues the dollar. The indorsement and guarantee are backed up by the entire strength of the government in money, materials and man-power. Therefore, the entire wealth of the United States, estimated at more than 200 billions of dollars—an inconceivable sum—a resourceful and affluent 110,000,000 of highly productive people, stands back of the Liberty Loan. The total sum now asked altogether amounts to less than 3 1/2 per cent. of the nation's present wealth, a very small proportion truly, in view of values at stake.

As has been pointed out, it is essential that the government of the United States defend these \$200,000,000,000 of national wealth, if they are to continue to be worth even a small fraction of the two hundred billions. In fact if the enemy is permitted to lay hands upon any or all of it, what is left it is not likely to be worth anything at all to those of us who survive the extracting process.

In this instance, too, the American citizen who buys a Liberty Bond is paid a substantial dividend for the money he applies to insuring his own safety and security. It is a mutual insurance proposition upon which more than 100 per cent. dividends are paid upon the premium. And who can afford to go without insurance when the premium is returned with interest and there is no loss of principal?

The moral is—buy all the Liberty Bonds you can finance and do it now. The subscription closes June 15 and Uncle Sam ought not be deprived of what he has so generously distributed to you—a share of national wealth and liberty.

### Let Utility Rule Fairs

In the preparations for the various state and county fairs to be held this fall, it will be well if we all stop and consider the question of exhibits.

Heretofore exhibitors at these fairs have been inspired by one controlling ambition—to have the best possible specimen on exhibition, frequently regardless of the cost.

This year the item of cost should receive careful attention. Especially is this true in the case of live stock exhibits.

If there were any means of ascertaining the amount of feed consumed in this country annually by "show" stock, with little if any return in actual market value, we would doubtless be amazed at the quantity. Stock of all kinds—horses, cattle, sheep, hogs and poultry—are fed up, petted and pampered, with no purpose of real efficiency or actual market value, but purely for show. And frequently the cost of producing the specimen is out of all proportion to the real value.

Such a practice should be discouraged this year. No person should lavish feed and care upon any animal with any other object in view save to get a bona fide return in dollars and cents—that is, in actual value that could be converted into money, and that at a profit.

For instance, the average hog reaches the maximum of profitable growth at from 400 to 500 pounds. Frequently any additional weight is procured not only without profit, but at a loss. The same holds good in other lines.

The object to be aimed at this year is to see that every dollar's worth of feed consumed shall yield more than a dollar's worth of the animal to which it is fed. Any other course is waste, which is inexcusable while our country is at war and sorely in need of every ounce of farm production.

Let the prize stock pass for this year. Feed for returns in actual value.

It is not necessary to be stingy or resort to parsimony in your personal or household expenditures, but it is highly essential that every person refrain from extravagance or waste of any nature while we are at war with a powerful foreign country.

Smokes Gondola 5c Cigar. 68c.

## NEWS OF INTEREST FROM MANY POINTS IN COUNTY

**In and Around Fairview**  
Robert Longfellow has returned from Martinsville where he took treatment for rheumatism.

Mr. and Mrs. Miles Daubenspeck and son Walker and Mrs. Rebecca Thrasher were visitors in Rushville Wednesday.

John Nipp, Sa., of Washington township was a business visitor in Fairview Wednesday.

Mr. and Mrs. John Smelser and son, Glen and Miss Eva Bowles and their guest Miss Jule Smelser of Detroit motored to New Salem Thursday and spent the day with Mr. and Mrs. Harve Smelser.

Mrs. Frank Huddleson and daughter Mary of Mays visited her brother, John Higley and sisters, the Misses Sallie and Lenna Thursday.

Mrs. Raymond Bowles and daughters Vera and Mary Elizabeth of Mays visited Mr. and Mrs. John Brown Thursday.

Mrs. Charles Westover of Washington township visited her parents Mr. and Mrs. Charles Chance Thursday.

John Higley was a business visitor in Richmond last week.

Mrs. Wilbur Gibbs visited her parents, Mr. and Mrs. Hiram Shipley at Yanketown last week.

Mr. and Mrs. John Hittle and son Fred were in Rushville last Saturday.

Ray MacElfresh has returned home from Martinsville.

Mr. and Mrs. Charles Woods of Cambridge City were the guests of John Higley and sisters, Sallie and Lenna Sunday.

The Rev. G. F. Powers conducted the funeral of Samuel Nixon Sunday at the Fairview church.

Miss Lily Birch has returned from an extended visit with friends and relatives near Oxford, Ohio.

### Little Flatrock

The Misses Helen Norris and Ruby Scully drove from Lafayette Friday and visited Mr. and Mrs. Bert Norris until Sunday.

D. C. Brooks has a new automobile.

Miss Mildred Myers came home from DePauw university Saturday.

Miss Grace Dewester will return to Indianapolis Saturday to stay with her cousin, Miss Lena Myers, who is ill.

Mr. and Mrs. Ed Newby and fam-

ily visited Mr. and Mrs. Robert Kennedy Sunday afternoon.

Mrs. Charles Carney who underwent an operation for appendicitis at the Sexton sanatorium last week is improving nicely.

Mrs. Ed Moore underwent an operation for appendicitis Saturday and is doing well.

Miss Helen Wilson is staying at the home of Charles Carney with Miss Leila Wilson.

Arthur Kenner of Chicago will come Saturday for a two weeks vacation with his parents, Mr. and Mrs. C. B. Kenner. Miss Bessie Dehrends will accompany him for a week's visit with friends.

There were 148 in attendance at Sunday school Sunday. A crowded house attended the exercises in the evening. The children's Day offering was \$192.

The C. W. B. M. will meet at the church Thursday afternoon at 2:30 o'clock. The hostesses are the ladies of the June division: Mrs. William George, Mrs. H. P. Metcalf, Mrs. Sam Bever, Mrs. Earl Bever, Mrs. Paul Daubenspeck, Mrs. Charles Wilson and Mrs. F. C. George. The leader is Mrs. Charles Wilson. The Mission Band will meet at the same hour in the Sunday school room.

Evansville—Jesse Whitaker was 6 feet 6 inches tall so recruiting officers decided that he would make too good a target and turned down his application to join the marines.

Indianapolis—Do you "plant" or "sow" beans? An argument over this question resulted in Isaac Allen and his wife being brought into court. Judge Lahr sent them home and told them to hoe beans and not worry about "sowing" or "planting."

### Notice to Contractors

Notice is hereby given that the Common Council of the City of Rushville, Indiana, will receive sealed bids or proposals for the construction of cement sidewalks on Cherry street from Eleventh street to the first alley north of Twelfth street, on east side of said street, according to the drawings, plans and specifications now on file in the office of the City Clerk until 7:30 o'clock p. m., on the 3d day of July, 1917.

Each bidder must file with the City Clerk of said City when he files his bid the usual statutory affidavit and deposit with him the sum of (\$100) dollars as a guaranty that he will accept said bid and carry out the construction of said work. The successful bidder will be required to give a bond with surety approved by said Common Council, insuring the faithful completion of said work according to the contract.

The Board reserves the right to reject any and all bids and re-advertise for said work. **CARL L. GUNNING,** City Clerk. June-13

## MEN AT FORT ARE NOW SUPPLIED

Quartermaster's Department Has  
Overcome Many Things and Is  
Working Smoothly

**HAD TROUBLE AT THE START**

Poor Roads Made Hauling Difficult  
and Shipments Were Slow in  
Arriving

Ft. Benjamin Harrison, June 6—Under the able direction of Maj. McCankey, the quartermaster's department which has charge of taking care of 5200 men in training for officers here, was "on top" of the situation today and indications were that no further difficulty would be experienced in rationing and equipping the men.

It is some job, as Maj. McCankey will testify, to have more than 5200 men on one day, all needing clothing, food, and detailed equipment of a soldier. This is especially true if just at the time the problem arises, transportation of the country is tied up so that it is almost impossible to procure rapid shipments and when it is necessary to haul all supplies over roads that stalled many a huge military truck.

With these conditions it wasn't any wonder that the men at camp were going around wearing all sorts of raiment, from derby hats to rubber boots.

But the quartermaster's department has hit its stride now. The main problem was to see that the men had plenty to eat—after that clothing and soldiers' equipment could be provided. Now every man is decked out in true military style from his tan shoes to his military hat.

As for supplying food, the department has the thing worked out so well that they are now giving the men war bread and other extra-military rations to get them accustomed to life in the field. War bread has supplanted hard tack in the army. It has a hard crust and will keep fresh for a long period under adverse conditions.

Crawfordsville—Forty-eight fatherless children of Francee have been adopted by residents of Crawfordsville.

## EAT LESS— IT WILL DO YOU MORE GOOD

**FOLLOW YOUR MEAL WITH A  
LITTLE PEPSINCO—YOUR FOOD  
WILL SATISFY FOR A LONGER  
TIME—NONE WILL BE WASTED.  
IT WILL DO YOU 100 PER CENT  
GOOD.**

It's a mistaken idea that the more you eat the more good it will do you. It's not what you eat; it's what you digest that does you good. Eat less—take Pepsinco and you'll feel better—you'll thoroughly enjoy what you eat and you'll cut your food bill down.

Pepsinco is an aid to nature. It helps weak stomachs. It prevents strong stomachs becoming weak through carelessness in eating. Let Pepsinco digest the meal that you eat in a hurry.

Time is money—Pepsinco is inexpensive. Hundreds have Pepsinco handy for such an exigency. Many suffer after every meal—they don't use Pepsinco. Thousands eat with a relish—they use Pepsinco.

No need for sour stomach, sick headache, indigestion, bloating, heartburn and food distress. Pepsinco must surely be used when your food kicks back; when stomach pains; when you belch up sour stuff; when you get up in the morning with a mean, disagreeable, dark brown taste; when your food does not taste natural; when stomach revolts at the sight of food; when sleep is interrupted with bad dreams; when breathing is heavy from gas pressure. Pepsinco never fails to help in all cases where misery follows a meal. Thousands today are using Pepsinco, happy in the thought that they have a reliable preparation to fall back on if stomach fails them. All druggists carry Pepsinco in small packages—large enough to show what they are worth. Get a package today, now, at once and not only help your stomach, but also cut your food bill down.

## PLANT LICE ARE NOW APPEARING

State Entomologist Warns That  
They Will Damage Garden Truck  
If Not Killed

**ADVISES SPRAYING PLANTS**

Indianapolis, Ind., June 6—Plant lice are appearing on a great variety of garden crops and ornamental shrubs and now is the time to kill them before they do any great damage, Frank N. Wallace, state entomologist warned today.

"Examining the under side of the leaves of your plants and if small insects are found, which are mostly green, get out the sprayer and give them a drenching of nicotine sulphate," stated Wallace. "Kerosene emulsion or whale oil soap can be used on some plants, but injure the foliage on others.

These insects do not eat the leaves but procure their food by piercing the bark or skin of the leaves. Thus they cannot be killed by placing an arsenic preparation on the leaves but must be destroyed by using a preparation which kills through contact with their bodies.

## UNLOADING OF THE MACHINERY STARTS

3 Cars of Equipment For Modern  
Appliance Company Arrive and  
Two More Are on Way

**MAY BEGIN WORK BY JUNE 15**

Unloading of three car loads of machinery for the Modern Appliance company, which arrived yesterday, was started this morning and John Crawley, who is superintending the erection of the building, expects to rush the work as much as possible so that the hopes of officials of the company, who came to Rushville yesterday, may be realized and the first products turned out in the new Rushville factory by June 15.

Two more car loads of machinery are on the road to Rushville and may arrive any time. Samuel G. Kuhlen, the sales manager of the company, is very anxious that the factory be in operation by June 15 because he has promised some customers that he will provide part of an order of telephone extension brackets by June 15 or as soon thereafter as possible.

Yesterday was Mr. Kuhlen's first visit here and he was well pleased with the surroundings. He says that offices will be maintained in Chicago because of the fine business which has been built up there. Whenever matters so adjust themselves, his office will be moved to Rushville, he says.

Terre Haute—Charles Anderson was arrested on the charge of slipping up behind William Jewell, a National Guardsman who was watching a bridge and hitting him over the head.

The ladies of the St. Paul's M. E. church will serve a luncheon Friday noon in the room just east of Alldridge's grocery.

# Society

## Social Calendar

### Thursday

Emanon club with Mrs. Carl Beher, 405 North Main street, in the afternoon.

Social Dozen with Mrs. Sam Innis, 639 North Perkins street.

Missionary society of the Ben Davis Creek church, with Mrs. Avis Brooks.

Young Ladies Missionary society of the U. P. church with Mrs. William George, 1035 North Harrison street.

Happy-Go-Lucky club with Mrs. L. M. Clark, 631 North Main street.

Ladies Aid society of the Catholic church with Mrs. Kate Jones, assisted by Mrs. John Keating.

Willing Workers class of the M. E. church with Mrs. Frazier Johnson, 511 North Perkins street.

Thursday Afternoon Bridge club with Mrs. Jack Kuecht, 219 North Harrison street.

Two tables of guests were entertained by Mrs. Carl Beher, yesterday afternoon, at her home in North Main street. Bridge made the lively diversion for the guests.

The Young Woman's Missionary society of the United Presbyterian church will meet tomorrow afternoon with Miss Edna George in North Harrison street.

The full membership was present at the meeting of the B. N. club last evening at the home of Miss Eleanor Doll in West Third street. Music and sewing featured the evening and luncheon was served by the hostess.

At the regular meeting of the Ladies Aid society of the U. P. church yesterday afternoon, with Mrs. Bert Trabue, at her home in North Harrison street, twenty members were present. After the business session, the afternoon was spent with needlework. Refreshments have been abandoned and the money given to the Red Cross and other charity organizations.

A cabinet meeting of the Epworth League of the St. Paul's M. E. church will be held at the home of Miss Marjorie Smith on Friday evening of this week when plans for the coming year will be made by the newly elected cabinet. The incoming officers are: president, Miss Frances Frazee; 1st vice-president, Miss Marjorie Smith; 2nd vice-president, Oscar Eden; 3rd vice-president, Miss Harriet Vredenburg; 4th vice-president, Miss Helen Seudder; treasurer, George Wiltse; secretary, Miss Hazel Stech.

The dispersal meeting of the Study club of Raleigh was held with Mrs. Greenwood Tuesday afternoon. Seventeen members and four guests,

Mrs. Roda Crull, Mrs. Cecil Estol, Mrs. William Greenwood and Mrs. Una Greenwood were in attendance. A short program was carried out, one of the numbers being a paper by Mrs. Margaret Lightfoot. Refreshments were served and flags given as favors.

Mrs. Carl Beher will entertain the members of the Emanon club tomorrow afternoon, and the members are requested to bring their needles, thread and thimbles as the club will sew for the Red Cross.

A number of friends surprised Mrs. Thomas Craig today at her home in Thirteenth street, by bringing in well filled baskets and serving a pitch-in dinner, the occasion being her birthday. Mrs. Craig received presents of cut glass and a beautiful hand painted plate. The table was decorated in pink and white peonies.

Forty members and two guests enjoyed the regular meeting of the Ladies Aid Society of the M. E. church, yesterday afternoon at the home of Mrs. Raymond Hargrove. During the business meeting, the society decided to serve a noon lunch, Friday, June 15, in the vacant room, east of the Aldridge grocery store. After other matters of minor importance were discussed, the meeting closed with the serving of dainty refreshments by the hostess.

A regular bi-monthly meeting of the Psi Iota Xi sorority will be held this evening at the home of Miss Gladys Wallace in North Perkins street. She will be assisted in entertaining by Miss Harriet Vredenburg. The meeting is an important one inasmuch as the officers will be elected at this time.

A number of the friends of Mrs. Walter Duke were pleasantly entertained as her guests yesterday afternoon at her home in North Perkins street. Informality featured the pleasant afternoon hours near the close of which the hostess served tempting refreshments. The home was appropriately decorated with spring flowers.

Miss Ruth Higgins entertained twelve members of her Sunday school class last evening, at her home in West First street. During the business meeting officers were elected as follows: president, Miss Ruth Higgins; vice-president, Miss Hazel Stoops; secretary-treasurer, Miss Leota Mull. Refreshments were served at the close of the meeting.

Mrs. Nate Weeks, assisted by Mrs. Belle Allen and Mrs. John Wolverton, entertained the W. R. C. Penny Social, yesterday afternoon at her home in West Fifth street. Thirty-five members and one guest, Mrs. Paul Colvin of Alegen, Mich., were in attendance. The afternoon was spent with needlework, part of the guests sewing for the Red Cross. Refreshments were served late in the afternoon.

Mr. and Mrs. Otis Crawford entertained a number of friends Saturday evening at dinner at their home

## Summertime's Great Supply House

### Ready to Outfit You in Summer Togs

Our stocks are replete with all the novel garments of the new season. Possessing all the late style touches, they will be as welcome to you as is the morning sun. We want you to partake of the freshness afforded by this immense showing.

¶ Dainty summer dresses, either simple or elaborate, fashioned from beautiful voile, marquisette, linen, linene, lawn, and gingham, are here by the hundreds. Why not choose yours while the assortment is at its best?

¶ Exquisite costumes of taffeta, georgette, crepe de chene, crepe meteor, and tub silk in one-of-a-kind models. A big variety at \$13.50 and \$15.00 is sure to interest you. Handsome silk suits, in tailored or sport models, in Es Corto, La Jerz, Khaki-Kool, Yo San, Faille and Taffeta.

¶ Your summer wardrobe must include one of our garden jackets or smocks—entirely new. A middy is indispensable, too. We are showing, some beautiful shades in fibre and jersey silk sweaters.

¶ There is nothing more serviceable than a suit of course Irish linen or silverbloom. Jaunty styles. Priced from \$12.50 to \$16.50.

¶ Hundreds of splendidly tailored wash skirts, including the famous Wooltex Pre-Shrunk, at \$1.00 to \$7.50. Exquisite sport silk skirts of Yo San and Khaki-Kool up to \$25.00.

¶ The new Wirthmor and Welworth Waists are here. Choose several from the vast range of styles. \$1.00 and \$2.00

GIVE YOUR SUPPORT TO THE RED CROSS

in North Main street, honoring Mr. Crawford's birthday. Red and white roses formed the attraction for the home. At the close of the evening which was informally spent in playing cards, dainty refreshments were served. The guests were Mrs. Ethel Roberts and son, George Harold, Mrs. Ida Eiler and son, Thomas Henry, Mrs. Herbert Morris and son, Carlos, Mrs. John Barnett and daughter, Helen Mae, Mr. and Mrs. J. E. Naden and daughter, Marion, Mrs. William Cook, and Miss Kathleen Jenkins.

### TO GIVE TALKS FOR KODAK ENTHUSIASTS

Miss Lydia Lewis will give the first of a series of half-hour talks to kodak enthusiasts next Saturday afternoon at 4:30 o'clock in the Euphemia Lewis studio at 222 North Main street. Invitation is extended to those interested in outdoor photography. Since an artistic sense is essential to good photography, Miss Lewis will endeavor to give some idea of the composition of groups and landscapes. Films will be criticized and suggestions offered for making kodak photographs worth while.

Miss Lewis studied at the Chicago Art Institute. Her knowledge of art as applied to photography is expected to interest and help those who hear her.

### TODAY'S HOOSIER ODDITY

Peru, Ind., June 4.—Here's the first snake story of the season and it stands a fair chance to hold the championship. Lee Aldridge was working in a corn field when he saw a blue racer about four feet long. He threw a clod of dirt at the snake, but the reptile instead of turning, took after Aldridge. In order to escape the man jumped on a horse standing nearby and started to gallop across the field. The snake, living up to its name, caught up with the horse and started to climb its leg after Aldridge. Neighbors arrived in time to kill the snake and keep it from injuring the man.

### ITALIAN LOSSES 160,000

(By United Press.)

Vienna, June 5.—Italy's offensive in the Isonzo battle of the last nineteen days have cost her 160,000 in killed and wounded and 20,000 in prisoners taken by the Austrian forces, an official statement said today.

Terre Haute—The company of engineers at Terre Haute has been recruited to about 110 men and they are ready to leave at any time the war department orders.

### ELLIS MAKES A PLEA FOR HIGHER EDUCATION

Continued from Page 1.

the highest average in his grades of any pupil in the county.

"This event is worth a great deal" said Dr. Ellis "if for nothing more than to enable the people of Rush county to forget their worldly cares for the day and to mingle as neighbors and as one people. These graduation days are joy days to me. The heart throb of these children is different now than at any other time. They are merely children and this, their first commencement will make an impression that they will never forget."

Dr. Ellis paid a tribute to the township trustees by declaring that while they are often criticised by the school patrons, the people should remember that they serve and do a noble work for comparatively no pay. "I know of no class of men who do the work they do for so small a compensation," said Dr. Ellis.

He also complimented the trustees for re-electing C. M. George county superintendent. He declared that one of the big tasks a successful county superintendent faced was to know the people, the peculiar needs of certain communities and he declared that Mr. George knew these needs and if for no other reason this should entitle him to the office.

Dr. Ellis made a strong plea for the parents to permit their children to go higher in their school work. "Encourage these children to go to high school," said the speaker, "and when the high school is completed permit them even to go to college if they so aspire."

Mrs. Branan, wife of the superintendent of the Carthage light plant, was removed to her home today from the Sexton sanatorium, where she underwent an operation several days ago.

## SWEET POTATOES LIKE HOT WEATHER

They Are an Excellent Substitute For Irish potatoes, State Food Director Says

### WILL GROW IN SANDY SOIL

(By United Press.)

Indianapolis, Ind., June 6.—"Hot dry weather that will injure most garden crops is the particular delight of sweet potatoes to which many people are looking for a substitute for Irish potatoes," said a bulletin issued by G. I. Christie, state food director today. "This crop can be grown on Indiana light, well drained sandy soil very well, but should not be planted on stiff clay soils."

"Sweet potatoes are grown from slips or sprouts that come up when mature tubers are imbedded in the soil and can usually be purchased from market gardeners who deal in plants for transplanting."

"Land on which these are to be planted should be thrown up, after plowing into ridges, a foot high and three feet apart to aid in draining and warming the soil. The slips are set on the ridges, sixteen inches apart, in a wedge shaped opening made by a spade, the soil then being packed firmly around the plants."

"Sweet potatoes should be dug before the vines are killed by frost. They should be stored in a warm, dry place."

### ODAY'S HOOSIER ODDITY

Crawfordsville, Ind., June 6.—Instruction in the manual of arms by means of brooms is being given student soldiers of Wabash College. Capt. I. L. Leonard is appointing a "color guard" daily for the purpose of raising and lowering the flag.

## IN RUSH COUNTY TUESDAY 1400 MEN REGISTER

Continued from Page 1.

did not register a man after two o'clock yesterday afternoon, but the polls had to remain open until nine o'clock under the law.

The registration brought out many interesting facts. In two precincts of the county not a single exemption was claimed. In Orange No. 1 with a registration of 37 and in Walker No. 1 with 43 registrations not a single man claimed exemption.

In Ripley township, a Quaker stronghold, the religious prejudice against war failed to manifest itself. In two of the precincts a total of our men claimed exemption because of religious scruples.

As far as is known the board is not aware of anyone trying to evade the law. The local board will follow the instructions of the provost marshal, who asked that the board put a liberal interpretation on the law. The board will receive registrations for a few days of anyone who failed to register providing he can give a good excuse. If it can be shown that any party failed to register in good faith or was prevented by a good excuse the board will enter him for registration.

The registration by precincts follows:

Rushville township—No. 1—50; No. 2—31; No. 3—43; No. 4—91; No. 5—36; No. 6—53; No. 7—66; No. 8—43; No. 9—38; No. 10—27.

Ripley township—No. 1—32; No. 2—48; No. 3—42.

Posey township—No. 1—64; No. 2—45.

Walker township—No. 1—43; No. 2—37.

Orange township—No. 1—37; No. 2—37.

Anderson township—No. 1—61; No. 2—75.

Jackson township—No. 1—48.

Center township—No. 1—56; No. 2—28.

Washington township—No. 1—29; No. 2—41.

Union township—No. 1—49; No. 2—54.

Noble township—No. 1—34; No. 2—53.

Richland township—No. 1—69.

In the entire registration not an alien enemy was found in the entire county. One man in Ripley township is a native of Austria, but as this country is not at war with Germany's ally, he could not be classed as an alien enemy.

In one precinct in Rushville township two foreign born residents were registered. One is a declarant and the other is a citizen of his native country.

Lafayette—Seven acres of ground have been purchased by the Monon road here and modern shops will be erected.

**Miller's Antiseptic Oil Known As**  
**Snake Oil**  
Will Positively Relieve Pain in Three Minutes.

Try it right now for Rheumatism, Neuralgia, Lumbago, sore, stiff and swollen joints, pains in the head, back and limbs, corns, bunions, etc. After one application pain disappears as if by magic.

A new remedy used internally and externally for Coughs, Colds, Croup, Sore Throat, Diphtheria, Tonsillitis

The oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration pour ten drops on the thickest piece of sole leather and it will penetrate this substance through and through in three minutes.

Accept no substitute. This great oil is golden red color only. Every bottle guaranteed; 25c, 50c and \$1.00 a bottle or money refunded. Get it at F. E. Wolcott's, Nyals Druggist.—Adv.

## CLAIMS ALLOWED FOR METERS ARE NEAR \$3,000

Continued from Page 1.

draw up plans and specification for the proposed extension and the contract will be let by competitive bids. The sanitary system was never extended in this section of the city and it is now proposed to build the extension as a public improvement.

The question of straightening the retaining curb at the intersection of Main street and the C. I. & W. railroad crossing was left with the street committee. The railroad is ready to put in a new crossing and the city believed it advisable to straighten the retaining curb in order to eliminate a very rough crossing.

An ordinance creating a rate for electric heating and cooking was passed on first reading and carried over to second reading. The established power rates are made to apply to this kind of service.

The city treasurer reported that under the new method of reading the electric light meters the increase in revenue for the past month from about forty consumers was \$150. These consumers are in the business district where the meters are read each month.

The question of buying a Ford truck for the water and light plant was left with the water and light committee with power to act.

No remonstrators appeared against the proposed sidewalk improvement in North Cherry street and the council established July 3 as the time for receiving bids.

## WILL ASK COUNTY TO PAY FOR ITS LIGHTS

Continued from Page 1.

for the purpose of lighting the streets, alleys and other public places of any city or town, and the cost of construction is ascertained, and any county in the state owns real estate abutting upon any street or alley, as hereinbefore provided; then the cost of constructing lamp posts, lamps, conduits, wires and necessary connections with the main source of supply furnishing said lights, on the side of the street abutting any property owned by any county in the state shall be filed as a claim with the board of commissioners of such county, and such county shall pay such expense, and it is hereby made the duty of the county council of such county to make an appropriation for furnishing of such lamps, lamp posts, conduits and necessary expenses in connecting such lamps to the main source of supply, and the county council, of such county, shall appropriate a sufficient sum to pay the cost of furnishing the light for each of the said lamps on the side of the street abutting the real estate of such county, and such expense of furnishing light for each of said lamps shall be the debt of said county owing to such city or town, and such city or town shall file a claim with the board of commissioners of any such county for such expense as other claims are now filed against a county, and such cost for furnishing of such lights shall be paid for by said county upon a claim filed by the board of works, common council or board of trustees of such city or town in which such system is installed, constructed and erected.—Such cost of furnishing the lights shall be paid for by the said county every three months upon the proper claim and account therefor being filed by said city or town as herein provided.

Sec. 5—Whenever it is ascertained and provided by a resolution duly adopted by the common council of any city or the board of trustees of any town, of the cost of construction of that part of a general lighting system on the side of the street abutting any property owned by any county in the state, or the cost of furnishing and maintaining the lights on the side of the street abutting such property and real estate owned by any such county and a certified copy of the resolution fixing such cost is filed with the county auditor of any such county, then it shall be the duty of the county council of such county to make an appropriation for such expense within sixty days after the filing of said certified copy of said resolution with said county auditor, and it is hereby made the duty of such county auditor, to call said county council in special session for the purpose of making such appropriation, and it is thereby made the duty of said county council to appropriate money sufficient to pay

the expense as provided for in this act, within sixty days from the time when such certified copy of a resolution of the common council of such city or board of trustees of such town was filed with the auditor of such county.

**Why The Anker-Holth Cream Separator Satisfies The User.**

**BECAUSE** it is simple in construction, easily operated and economic.

**BECAUSE** it contains fewer mechanical parts than any other separator made.

**BECAUSE** the bowl being self-draining, makes it non-freezing in cold weather.

**BECAUSE** it is the most sanitary separator made, insuring a cream of great purity.

**BECAUSE** it is easily cleaned and easy to turn—that's why the "women folks" like it.

**BECAUSE** it is the only separator with a dirt chamber that removes all impurities from the whole milk before it enters the discs for cream separation.

## WILL ASK RENEWAL OF APPROPRIATIONS

Womans Council to Seek Same Sums  
From City Council and School  
City For Nurse Fund

### NEW SECRETARY IS ELECTED

The Rushville Womans Council, at the meeting at the Rushville National bank last night, determined to ask the city and school authorities here to appropriate again the sum of money they have been paying toward the visiting nurse fund. The school city's appropriation of \$90 ran out at the end of the school year and the city council's appropriation of \$480 expires at the end of the calendar year, June 30.

Mrs. Emily Coleman and Miss Anna Bohannon were appointed as a committee to make the request for renewal of the appropriations. Because of other demands on people due to the war, the fear was expressed by some that there might be difficulty in raising the \$1,200 necessary to support the nurse. Other members of the council, however, pointed out that the services of the nurse would be needed more than ever in the future on account of the war. Representatives present of women's organizations who this year raised money for the nurse fund promised that their clubs or societies would do as well next year and several individuals said they would raise their subscriptions rather than see the nurse fund fail.

Miss Marjorie Smith was elected secretary of the Womans Council to succeed Mrs. Roy Mayse, who has moved to Muncie.

### WILL CONVEY TUESDAY

Grand Jury Will Not Be Called Together Until Next Week

The grand jury, originally called for Friday, will not convene until Tuesday. On account of the registration yesterday requiring the time of Sheriff Cavitt it was impossible to subpoena witnesses and then it was decided to call the jury together Friday. Friday the Republican convention will be held here and this was not considered a good day to convene the grand jury so the date is now set for next Tuesday. Just what will be taken up by the grand jury is not known.

—Miss Myrta Havens visited in Indianapolis today.

## INDIANA IS LIKELY OVER HER ESTIMATE

Scattering Returns Indicate Registration in The State is Between  
275,000 and 300,000

HER QUOTA THOUGHT 260,011

(By United Press.)

Indianapolis, Ind., June 6.—Although final figures on registration in Indiana will not be available until tomorrow, scattering returns today showed that Indiana had probably exceeded her estimate by more than ten thousand. Officials in town with conditions over the state estimated that from 275,000 to 300,000 had registered. Indiana's estimated quota was 260,011.

Exemption boards are going to have a big job on their hands when they start work, according to reports reaching here. About one-half of those who presented themselves for registration claimed exemption. The greater majority claimed exemption on the grounds of having others dependent on them.

Others pleaded physical or conscientious objections to war. Many Dunkards in northern Indiana and a few Quakers declared they were willing to serve with the Red Cross or in other capacities but that they did not want to fight.

### CAMPAIGN FOR RED CROSS WAR RELIEF FORMULATED

Continued from Page 1.

how much they give, they can not near approach the sacrifice which the young man, who is offering his life to his country, is making. In this manner, the Red Cross thinks, can the people be brought to realize that it is their conscientious and patriotic duty to make sacrifices to give to the Red Cross war relief, the authorized agency in the United States, for this stupendous undertaking.

Many members of both committees said last night that they had a new vision of the Red Cross work after Mr. Thomas explained the early plans for Red Cross Week. They declared that they were just beginning to realize that the United States is at the serious business of war and that it is squarely up to those who are not in a position to go to war to do their duty at home by giving liberally of their time and money to the Red Cross.

The immensity of the task which faces the Red Cross organization is realized when it is known that the Red Cross expects to raise one hundred million dollars Red Cross Week for war relief. It is reported that New York state alone has set its goal at forty million dollars, leaving the remaining sixty million dollars for the other forty-seven states to contribute. Indianapolis

has set its mark at three hundred thousand dollars and what the remainder of the state will be expected to give remains to be learned. Mr. Thomas believes that he will receive some information about the apportionment by counties when he attends the meeting tomorrow.

The sum to be contributed in the United States is one dollar per capita. Whether that ratio will be continued down to the smallest units is not known. It is, Rush county will face the stupendous proposition of contributing about \$20,000.

Robert E. Mansfield and C. M. Yocum were appointed a special committee on publicity to co-operate with the newspapers regarding the special campaign for war relief.

### MIRIAM ABERNATHY DIES

Seventeen-Year-Old Daughter of  
Richard Abernathy Expires

Miss Miriam Abernathy, 17 years old, daughter of Richard E. Abernathy, died last night at her home, corner of Seventh and Oliver streets, following an illness from tuberculosis. She had been in a critical condition for some time and her death was expected. She is survived by her father, step-mother and one sister. The funeral services

## WAR BONDS

The humblest stay-at-home can do important war duty now by purchasing one or more bonds of the LIBERTY LOAN. They cost \$50, \$100, \$500, \$1,000 each and upwards, and they earn 3½% interest. The safest investment in the world, backed by the total resources of the richest country on earth.

The man who invests in the LIBERTY LOAN is not giving anything away; he is simply lending money to the Government at 3½ per cent interest. He certainly needs no urging to do this. But he must do so QUICKLY. Time is all-important. See a banker today and make your subscription.

## MONUMENTS

A selection from our stock of Winsboro Millstone or Montello Granite Monuments, when lettered in a manner which befits their excellence in Exclusive design. Finest of Stock and Perfect Workmanship adds a lasting dignity to their appearance for all time to come.

NO AGENTS. We depend on efficiency and reputation rather than agents. Then, too, we save you the agent's fee.

**J. B. SCHRICHTER SONS**

117-121 S. Main St.

Rushville, Indiana.

**It's Like Buying  
a Gold Dollar  
for Ninety Cents**

AT ITS PRESENT PRICE (\$875 f. o. b. factory) Reo the Fifth is the greatest buy in the market.

WHY, JUST CONSIDER! That was the price when cost of manufacture was vastly less than now.

AND YOU'VE SEEN prices advance all along the line since then.

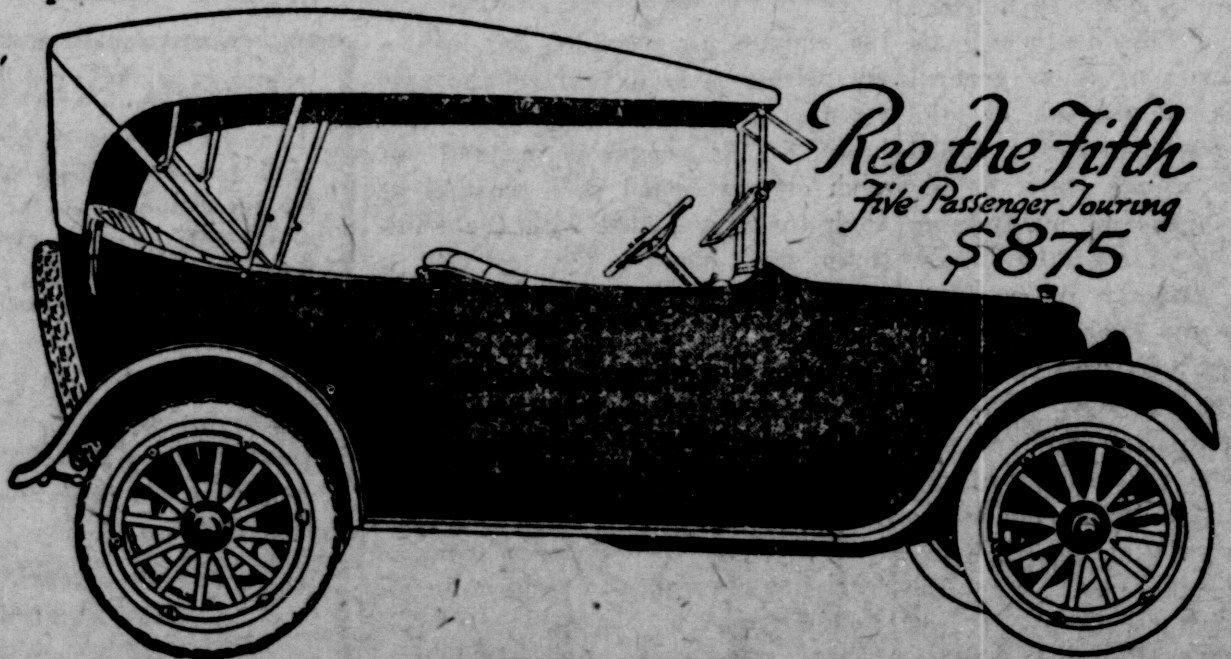

THE REO FOLK have steadfastly refused to add a dollar to the list price of Reos as long as there was any margin of profit at all at standard prices.

BUT WE ARE WARNED that there's no certainty how long this price can be maintained.

COSTS ARE INCREASING all along the line and there's no relief in sight. So it may be necessary any day to add \$75 or \$100 to the present price of all Reo models. Others have—Reo may have to.

SO ONLY WAY is to secure your Reo now—order and set a definite date for delivery.

TODAY won't be a minute too soon.

CAMPAIGN FOR RED CROSS WAR  
RELIEF IS BEING FORMULATEDEach Member of Finance Committee  
of Ten to Appoint Three Others  
to Compose Ten Teams

WILL GET FURTHER DATA

E. B. Thomas To Attend Red Cross  
Representatives Meeting in  
Indianapolis Thursday

WILL REACH AUXILIARIES

Action on Appeal From Cities  
Stricken by Tornado Is Post-  
poned Until After Thursday

The war relief campaign of the Red Cross, which will be conducted Red Cross Week—June 18 to 25—was under discussion at the meeting of the finance committee and the executive committee of the Rush county chapter at headquarters last night and partial plans for organization to raise Rush county's share were made.

The consensus of opinion at the meeting was that personal solicitation was the only feasible means of attempting such a campaign, and with this idea in view, each member of the finance committee of ten members was instructed to appoint three other persons, each set of four to constitute a canvassing team. Means of conducting the canvass in the city with these ten teams and also methods of reaching the remainder of the county through the various auxiliaries will be worked out later.

The appeal of the central division of the American Red Cross for aid for the tornado sufferers of Mattoon and Charleston, Illinois, was presented by E. B. Thomas, Rush county chairman. Several members of both committees expressed the belief that it would be unwise to conduct any extensive campaign in the face of the proposed war relief fund campaign.

It was suggested that the chapter might make a donation from the treasury, but an objection was raised as to whether or not the Red Cross had the authority to appropriate money for any other means than war relief work, whether it be war or any sort of disaster.

The whole question was left open for Chairman Thomas to investigate when he attends a meeting of Red Cross representatives from all over the state in Indianapolis tomorrow. At the same time he will get some more information about the war relief fund campaign and report back next Monday night to a meeting of

Benefit Ball For The  
Red Cross Is Likely  
To Be Arranged Soon.

Plans for a ball for the benefit of the Red Cross at the new building being erected for the Modern Appliance company, which was suggested by R. L. Tompkins a few weeks ago, are likely to be realized very soon, especially in view of the fact that the Red Cross is setting about to raise money for the Society's war relief fund.

A group of citizens will probably band themselves together as a committee and on their own initiative give the ball, with the understanding that the proceeds shall go to the Red Cross. A sum variously estimated at from \$500 to \$1,000, can be raised in this manner and many feel it would be a mistake not to take advantage of the opportunity.

The ball will not be given under the auspices of the Red Cross as an organization, but many actively interested in the Red Cross are behind the movement to give the ball.

the augmented finance committee.

A meeting of Red Cross chairmen from all over Indiana has been called, to be held at the home of Eli K. Lilly in Indianapolis tomorrow night, when a report will be made by William Fortune and Frank D. Stalnaker of the conference in Washington recently of the Red Cross war council, which will have in charge the activities in connection with Red Cross week. Mr. Thomas at that time expects to learn more about the plans for the war relief fund campaign and get some inspiration from those who were present at the Washington conference and in turn impart it to the finance committee next Monday night.

It now falls to the lot of the Rush county Red Cross to make the people of the county understand that they have responsibilities in this matter. The Red Cross expects, before Red Cross week arrives, to give every person in Rush county a new vision of what the Red Cross means—just as some members of the two committees last night received a new vision of the greatness of the endeavor. The Red Cross wishes to imbed indelibly on the conscience of every man and woman in Rush county that no matter how much they do or

ARMED U. S. VESSEL  
SINKS SUBMARINEState Department Believes There is  
No Doubt But That U-Boat  
Was Bagged This Time

RUNNING FIGHT; MANY SHOTS

(By United Press.)

Washington, June 6.—In an hour and a half running fight between an American armed merchantman and a German submarine, the merchantman sank the submersible, according to official advices to the state department today.

The submarine flying no flag, fired thirty-five shots and the steamer twenty-five. According to state department reports the last shot pierced the U-boat, which reared out from the water, stern up, standing upright for a few seconds, then disappeared from sight.

The steamer captain and the commander of the American armed guard believe the submarine was sunk and the department believes in this case there is no question the U-boat was bagged.

The name of the steamer is withheld by the state department but it is known the vessel referred to was not the Mongolia.

MAKES A PLEA FOR  
HIGHER EDUCATIONDr. Horace Ellis, State Superintendent,  
Delivers Address at Eighth  
Year Commencement

AUDITORIUM IS THROGGED

Milo Aiken, Honor Student of Class,  
Marches at Head of Parade  
Carrying American Flag

Urging parents not to discourage their children from attending high school or aspiring for a higher education, Dr. Horace Ellis, state superintendent of public instruction, delivered the address this afternoon at the educational day exercises at the Graham Annex auditorium.

One of the largest crowds ever attending a similar event was present. The building was completely filled and standing room was a premium. Superintendent George stated that with the increasing interest in this annual event the chances were that next year the event would have to be held in the coliseum.

This year's class, numbered 148, the parade from the court house to the school building was led by Milo Aiken, son of Mr. and Mrs. Edson Aiken, who carried a new American flag. He is the honor student of this year's class, having received

EXCEED ESTIMATEIndications Today Are United States  
Potential Soldiers May Be More  
Than Ten Million

LENIENCY IS TO BE SHOWN

(By United Press.)

Washington, June 6.—America may have more potential soldiers than she thought she had.

Against ten million men the census bureau estimated would respond to the call to register, indications today were that many states would exceed their estimation.

Officials today begun a nationwide hunt for the comparatively few slackers.

It is the duty of the registration boards to register persons liable to service in their jurisdictions, who could not be registered yesterday. The penalty in such cases will be suspended if the men appear voluntarily.

The provost-marshal today wires governors of all states telling them to follow a liberal policy regarding those unable to register because of the rush at the polls or inability to reach the voting place.

1,460 REGISTER  
IN RUSH COUNTYNumber Falls Short of Census Bureau  
Estimate but is Very Gratifying  
to Local Officials

NO EVASIONS ARE REPORTED

In Two Precincts no Exemptions Are  
Asked—No Alien Enemies Are  
Found in County

Complete official returns from the registration for the selective army in Rush county show 1,460 men are subject to the draft. All of the precinct registrars had made their returns to the clerk's office by noon today as provided by law and this afternoon the work of tabulating the results and preparing a list of the men registered for the newspapers and to post in public places started.

All of this work is being done by volunteers and Clerk Moore believes he will have more help than he can use. While the total number of men registered fell short of the estimate of the census bureau for Rush county, the result nevertheless is gratifying. The census bureau estimated the number at 1,645.

The registration places closed last night at nine o'clock. The law kept the polls open many hours longer than necessary in this county. Many of the registration places

500 WATER METER CLAIMS LET;  
CITY TO ENFORCE NEW STATUTETO ASK COUNTY TO  
PAY FOR ITS LIGHTSCouncil Discovers Act of Last  
Legislature Making it Mandatory  
Upon County Council

TO APPROPRIATE THE MONEY

City Attorney Will Draw up Resolution  
Asking For Pay For  
Street Lamps on Square

The city council is preparing to enforce a law passed by the last legislature providing that the county shall pay for the lighting of the decorative street lamps abutting on the real estate of the county. Under the ruling of the public service commission the city is allowed a credit of \$5 for each of the street lamps as a public utility earning and if this same rate is applied under this new law the county will have to pay for at least twelve of the lamps and possibly more.

This innocent appearing law promises to bring into the city treasury at least \$1,440 a year. The matter was left to the water and light committee and the city attorney was instructed to draw up the resolution as is provided in the act. The committee will investigate before asking for any definite sum from the county council.

The law is found on pages 304-309 of the acts of 1917. Among other things the act provides that when a city contemplates installing a lighting system such as is in Rushville the county shall pay the expense of installation, around all property owned by the county. There was an emergency clause on the act, but the law was not discovered until the acts were received. The act became a law without the signature of the governor.

It provides that the city shall pass a resolution and the county auditor, after receiving a certified copy of the resolution, shall call the county council in session within sixty days and make the necessary appropriation covering the expense of the lights. The law is mandatory and provides that the county commissioners shall allow the claims.

Sections 4 and 5 of the law follow:

Sec. 4—Whenever a general lighting system is established under the provisions of any law now in force

SUM ALLOWED IS  
CLOSE TO \$6,000Owing to Vast Amount of Work In-  
volved, Consumers Will Not  
Receive Money For Few Days

TO GET NOTICE WHEN READY

Dr. F. M. Sparks is Elected a Mem-  
ber of School Board to Suc-  
ceed Dr. J. B. Kinsinger

The city council allowed 280 claims representing about 500 water meters last night. Owing to the vast amount of work involved in writing out the warrants the city clerk did not attempt this last night and the people are urged not to bother the city treasurer regarding the money as they will be notified when the warrants reach the treasurer's office and are ready for distribution.

The amount of the claims allowed last night was close to \$6,000. There are about 200 meters yet to be paid. Many of these have filed no claims and several others are in controversy. The policy of the council regarding those claims over which there is a controversy will be to let the consumers settle the questions among themselves. In several cases two claims have been filed for the same meter and the council proposes to let the consumers agree as to where the money goes.

Dr. Frank M. Sparks was elected a member of the school board for a period of three years. Dr. Sparks succeeds Dr. J. B. Kinsinger, whose term expired with this meeting of the council. There was no opposition and the election was by the unanimous vote of the council.

The report of the city treasurer for the month of April was reported correct by the finance committee. The report showed the city had on hands the sum of \$24,584 at the close of business for the month of April. The May report was referred to the finance committee.

A petition signed by sixteen property owners requesting a street light at the south end of Harrison street was referred to the water and light committee.

The question of a sewer connection for the new factory in West Third street was taken up and disposed of by agreeing to build an extension of the city sewer system. The city engineer was instructed to

Ordered to Submit Set of Spark  
Plugs He Invented to GovernmentMorton Conner Receives Reply to  
Letter Submitting His Inven-  
tion For Use in Airplanes

TRIPLICATE FEATURE NEW

Morton Conner, who has invented a triplicate spark plug for motors, today received an order from the government to submit a set of the plugs to be tested in government airplanes.

Mr. Conner submitted the invention to Brigadier-General George O. Squires, signal officer, several days ago, and Gen. Squires thought so much of the plugs that he passed the matter on to the chief engineer of the aircraft division, who today asked for a set of the plugs.

Mr. Conner has a set of molds with which the plugs can be made and as soon as he can find a draftsman, will make them and forward them to the government. The letter

from the chief engineer warned Mr. Conner against using porcelain in making the plugs. Mr. Conner had already discovered that porcelain was not practical for the installation of the plugs because the expansion and contraction was different from that of metal.

Since submitting the model, Mr. Conner had written to Gen. Squires informing him that he expected to use pyrex ware (new glass) which is able to withstand changes of temperature.

Mr. Conner had previously had some of the plugs made at Peru out of porcelain and it was then that he found this material was not practical.

La Porte—Twenty-eight high school boys, in overalls have planted six acres in potatoes under direction of Prof. L. L. Sonner. The boys are receiving a school credit for the work and will continue all summer with the work.

MORE RECRUITS ARE  
OBTAINED FOR CO. BMore Men Recruited Here This Week  
Than in Any Infantry Com-  
pany in The State

NOT FAR FROM WAR STRENGTH

Three additional recruits were secured today for Company B. Capt. Kiplinger is working on a plan to enable him to continue receiving recruits between the ages of 21 and 31 and believes he will be permitted to continue the recruiting. A total of 24 men were sworn into service yesterday.

The local company secured more recruits this week than any infantry company in the state and Capt. Kiplinger is well pleased with the work. It is believed that the company will reach war strength in a short time.

Milroy Red Cross Feeds  
Registrars and Pins  
Ribbons on Young Men.

The members of the precinct registration boards in Anderson township would not complain if they had to work every day as they know they would be well fed. The Red Cross at Milroy showed a fine spirit of patriotism yesterday by serving sumptuous meals to the boards of the two precincts in Anderson township. The three churches of Milroy also combined to impress upon the young men the solemnity of the occasion. Every man registering was given a blue ribbon badge bearing the inscription, "I have registered for God and Home and Native Land." A total of 136 registered in the two precincts and the men wore the badges the balance of the day. There was no chance for any young man in the township to forget to register.

Employees of the Postoffice and  
Mauzy Co. Buy Liberty BondsSet Example That Will Have to be  
Followed by Other Small Inves-  
tors to Reach Apportionment

CANVASS OF COUNTY PLANNED

Employees of the postoffice and the Mauzy company, by subscribing to the Liberty Loan, have set an example that will be followed by many other small investors in the county, it was believed today.

Twenty-three men working for Uncle Sam—all there are employed at the Rushville office—last night agreed to subscribe for \$2050 worth of Liberty Loan bonds. Each man will take one or more of the \$50 bonds.

Fourteen employees of the Mauzy company yesterday made arrangements to subscribe \$700 to the Liberty Loan. Each one of the fourteen will buy a \$50 bond. These are the first cases to come to light here where any set of em-

ployees banded themselves together to support the Liberty Loan. Officials of the county bankers' organization say there will have to be much of this sort of patriotism displayed in order for Rush county to reach her apportionment.

The bankers' organization is now organizing for a personal canvass of the county to bring Rush county's subscriptions up to eight per cent of the combined bank resources, which is \$337,360. The bankers plan to work fast because it must be known exactly what Rush county is going to do before June 15, the close of the campaign. Each township vice-chairman will be responsible for his township.

Estimates of the officials were today that the Liberty Loan subscriptions in the county were not over \$60,000 the last official report was made Monday and showed there was then \$50,100 subscribed. Another official report was to be made late this afternoon.

Hammond—Mrs. Blair Wilcox, 16 year old bride of five months is again Miss Thelma Potts. On the witness stand in Superior court Mrs.

Wilcox stated that her boy husband provided five dollars for her support during the five months they were married.

## JULY WHEAT TAKES ANOTHER BIG SPURT

Quotations Advanced Four and Half Cents and Other Grain Prices Were Also Higher.

HOG PRICES ARE OFF 25 CENTS

July wheat took another spurt in Chicago today, advancing four and a half cents and other grain prices likewise were higher. Indianapolis grain prices also were quoted higher. Indianapolis hog quotations were 25 cents lower with receipts three thousand greater than yesterday. Corn advanced five cents on the bushel locally, but wheat prices were the same.

## DAMAGE SUIT WAS COMPROMISED TODAY

Case of James Gartin Against C. I. & W. Railroad, Outgrowth of Crossing Crash, Settled

PLAINTIFF RECEIVED \$300

The damage suit of James Gartin against the C. I. & W. railway company, the outgrowth of an accident at the Main street crossing of the railroad in December when three engines struck the Gartin automobile, was compromised in circuit court this morning after a jury had been selected to try the case.

Under the terms of the compromise Gartin receives \$300 and retains the machine and the railroad pays the costs. The case was tried once and the jury disagreed. The three engines were enroute to the water tank east of the city when the accident occurred. The railroad maintained that Walter Gartin driver of the machine ran into the engines and Gartin alleged that the railroad was to blame.

## Amusements

+++++

The Princess offers Harold Lockwood and May Allison in the feature drama "Mister 44" for the first picture of tonight's program. It is said to contain many picturesque mountain scenes. In addition to this drama "Pathe News" will be shown. Tomorrow the next chapter of "Patricia" will be shown. On Friday Mary Pickford will be seen in the drama "Poor Little Peppina."

The Lyric will show "The Mystery of the Brass Bound Chest" for the first picture tonight. This is the first of the series of pictures "The Girl from Frisco." The second is a comedy "The New Salesman." "Se-jig Tribune" will complete the program. Tomorrow Gertrude McCoy will be shown in the five act drama "The Isle of Love."

Once again glad tidings are being spread broadcast telling of the coming of Barnum & Bailey's circus. The greatest show on earth, it is announced, will positively be exhibited within easy traveling distance this season and, as usual, a large percentage of the population will declare a holiday to visit the show.

The big circus will exhibit in Indianapolis on June 21.

It is promised that nothing to compare with the present Barnum & Bailey performance has ever been before seen under canvas. New and novel features have been imported from abroad and a program of ever-so-funny will occupy every instant in three rings, four stages, the riggings above and the hippodrome surrounding for more than three hours.

There is a new and gorgeous pageant entitled, "Aladdin and His Wonderful Lamp" in which nearly 1,400 persons and one thousand animals appear in magnificent costumes rivaling the dress of the people of the famous "Arabian Nights" story. This will be followed by a host of acts in all parts of the great enclosure. There will be, sixty clowns, a greatly increased menagerie of wild and untamed animals, four great herds of elephants, several caravans of camels and many recently born baby animals.

The free street parade, which will start from the circus lot at ten o'clock on the morning of circus day, is entirely different from anything of the kind ever shown before. It will be three miles in length and there will be bands on foot, on horseback, and riding on top of wagons of red and gold. There will be six bands in all and they will be assisted by three steam calliopes and an electric piano.

With the largest tent in the history of all circuses, the Barnum & Bailey circus promises this season to make good its boast that it is the Greatest Show On Earth. Five railroad trains comprising 80 rail road cars, will be required to transport its paraphernalia, and more than 750 horses will be used to transfer the wagons from the railroad yards to the show lot.

## AUTOCRACY IS TRIUMPHANT

Appears Today That Chinese Republic is Practically Destroyed

(By United Press.)

Tokio, June 6.—Autocracy's forces in China apparently have triumphed and today it appears that the republic is practically destroyed.

A division of China into two nations seems probable. A long struggle of republic, now enroute home to the rule is expected to follow the revolution.

Dr. W. W. Willoughby, American constitutional advisor to the former republic, now enroute home to the United States, best outlined the Chinese situation today.

Sir Knights Rushville Commandery number 49 will hold regular stated convocation on Wednesday evening, 7:30 o'clock. Also Temple degree will be conferred. Your attendance is desired. 7112.

—Edwin Watson, who has been in Washington where he passed an examination for a second lieutenant in the regular army, was here yesterday to register and today went to Greencastle to receive his diploma from Depauw university. He will return here Friday for a visit and then will go back to Washington.

—Mrs. Sadie Williams went to Indianapolis this morning, where she will attend the Crockett-Serugs wedding, which will take place this evening.

—Anderson—Five hundred acres of land are under cultivation as gardens in Anderson.

## HEADS THE COUNTY COUNCIL OF DEFENSE

A. L. Gary is Elected Chairman Today and Mrs. Cora Stewart is Named as Secretary

### MEETING TIME IS ARRANGED

The County Council of Defense, announced last week by Judge Sparks, meet here today and perfected an organization. All seven members of the organization were present. A. L. Gary was selected as chairman and Mrs. Cora Stewart was named secretary. It was decided to meet here the first Saturday of every month and on the call of the chairman.

The exact work expected of the county council has not yet been outlined to the members. The other members of the council are: Elmer Hutchinson, Arlington; Bert B. Benner, Mays; Edson L. Aiken, Raleigh; Charles T. Davis of Milroy, and Roland H. Hill of Carthage.

### ALL ARE URGED TO ATTEND

Republicans Asked to be at Convention—Request to Decorate Made

Republicans here are rapidly completing arrangements for the district convention to be held here Friday. All republicans of Rush county are urged to attend the convention and with large delegations from all the surrounding counties, a record crowd is expected to be in the city that day. The decorating committee has requested all business men and people living in Main street as well as in the vicinity of the coliseum to decorate.

### MAY BE PUT IN KENTUCKY

Indianapolis Likely to Lose Training Camp for 9th Division

(By United Press.) Indianapolis, Ind., June 6.—That the training camp for the Ninth army division consisting of Indiana and Kentucky, will be located in Kentucky if the war department approves General Barry's recommendations, was stated today by the Indianapolis News in a special dispatch from its Washington correspondent. The camp will probably go to Lexington, Ky., the dispatch says.

Mrs. Rachel Ginn is ill at the home of her parents, Mr. and Mrs. Josiah Bishop, in North Main street.

Eugene Dickerson, who was injured in the groin when caught in a line shaft at the Carthage straw board works a few weeks ago, was removed to his home in Carthage today from the Sexton sanatorium. He was accompanied home by his grandfather, J. H. Porter.

## MOTHERS ACTIVE FOR PROHIBITION

Those Who Have Sons in Officers Training Camp Send Appeals to Both Senators

### SHUMAKER GIVES STATEMENT

W. C. T. U. Has Spread to All Parts or State Books by English Writer On Subject

Indianapolis, Ind., June 6.—Hundreds of Indiana mothers who have sons taking the officers training course at Ft. Benjamin Harrison, are sending appeals to Senators Watson and New urging them to work and vote for war-time prohibition.

The campaign was started by the Indianapolis W. C. T. U. and has spread to all other parts of the state.

Other work to bring about war-time prohibition is being conducted by E. Shumaker, president of the Indiana Anti-Saloon league. Thousands of books by Arthur Mee, an English writer, have been distributed throughout the state. This book details the steps taken by the British government in regard to prohibition since the war started.

In a statement outlining the necessity for prohibition today, Mr. Shumaker said:

"We must protect the men at home in the factories, shops, on the farm and in all kinds of industries as well as those engaged in actual fighting. Congress has forbidden the sale of liquor to men in uniform. It is just as necessary to forbid it for civilians. The men at home must be in the best physical condition to manufacture munitions, produce food and other war articles needed by those on the battle fields. Without war prohibition the best work cannot be accomplished."

## URGES SPRAYING OF APPLE TREES

Lafayette, Ind., June 4.—Spraying apple trees for the codling moth or apple worm should be done in Central-Indiana this week. The season started last Monday in the southern part of the state and extended northward about twenty miles a day. Spraying should be done in the latter part of this week.

These dates were announced today by P. W. Mason of the entomology department of Purdue University, who has spent several weeks observing the codling moths come from their cocoons.

The moths appeared first on May 16 and as the worms are expected to begin to enter the apples in about two weeks after the moths emerge, the spray should be applied now to prevent damage.

Lack of labor, according to indications, may hamper the amount of spraying done this year. To overcome this, food experts at Purdue advise more co-operation between apple growers. It is pointed out that if two men with one sprayer can be engaged to do the work for an entire neighborhood, the cost will be reduced for each individual, as when each individual farmer prepares an outfit for spraying a few trees the cost in labor and equipment is higher than necessary.

The extension department of Purdue, on request of orchardists is sending out instructions on spraying to all who will ask for it.

**CYCLONE AT BATTLE CREEK**  
Battle Creek, Mich., June 6.—A cyclone struck this city this afternoon, cutting a swath about two blocks wide through the center of the city, doing thousands of dollars damage and injuring several persons. So far as is known no one was killed.

## RIVERS NEAR FLOOD STAGE

Wabash and White Both on Rampage in Southwestern Indiana

(By United Press.) Indianapolis, Ind., June 6.—Floods along the Wabash and White river in southwestern Indiana today were

doing great damage to the crops. Sheep and other live stock have been trapped by the water in lowlands and drowned. The Wabash reached the 35-foot stage at Riverton today and was still rising, as the result of continued rains. This is only three feet under the record set in the floods four years ago.

## Attention Mr. Farmer

Vaccinate your hogs with the Swine Breeders Pure Serum made at Thorntown, Indiana, and be assured of good success in your vaccination.

We administer serum for \$1.75 a hundred or 1 3/4 cents a cc. for non-stockholders. This is strictly a high class serum and gives the farmer good insurance against the ravages of HOG CHOLERA. We are prepared to answer calls for vaccination at all times and have an office with the Nipp Insurance Co., over the Rushville National Bank.

## Buy All The Bonds You Can

Buy all the bonds you can finance and do it now—this is the moral now pointed out by a statement from the State Council of Defense. The subscription closes on June 15 and Uncle Sam should not be deprived of what he has so generously distributed to you—a share of national wealth and liberty. Nothing can aid the government in its war against Germany like money except to enlist in some branch of the service. Not all can enlist, but a large portion of the population of the United States can buy a bond.

As pointed out by the state council's statement, with the embryo army ready, Uncle Sam must equip it, transport it and sustain it. And Uncle Sam must pay the freight. He must pay the soldiers monthly wage, the railroad's toll and the producers' price for food-stuffs. Besides he must furnish shelter, ammunition and medical attention. He must have ships and wireless. He must have transports—automobile, horse and mule. He must have thousands of other things. He must have them quickly. He must have them unstintedly. And Uncle Sam must pay, and pay and pay. And Uncle Sam can and will pay full price, promptly and willingly.

But the emergency calls for more ready cash than your Uncle Samuel is in habit of carrying around in his vest pocket. Therefore, he goes to his bankers, who are the people of the country, and makes a temporary loan. He proposes to apply the proceeds of this loan to the purposes above outlined. And practically every cent of it will be left right here at home, in our own coffers, not-

## Killed by Poisons

All scientists agree that poisonous products in the blood are eliminated by the kidneys. The kidneys act as a kind of filter for these products. When the kidneys are changed or degenerated, by disease or old age, then these poisons are retained in the body. If we wish to prevent old age coming too soon, or if we want to increase our chances for a long life, Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y., says that you should drink plenty of water daily between meals and with your meals to flush the kidneys. Then procure at your nearest drug store Anuric. This Anuric drives the uric acid out.

If we wish to keep our kidneys in the best condition a diet of milk and vegetables, with only little meat once a day, is the most suitable. Drink plenty of pure water, take Anuric three times a day for a month. Anuric is many times more potent than lithia and dissolves uric acid as hot water does sugar.

## OLD-TIME TONIC FOR WOMEN.

Laperte, Ind.—"I have taken Dr. Pierce's medicine, Favorite Prescription, and know it is good. I used to have dreadful backache at times. I am always glad to tell others what relief I received from Dr. Pierce's Favorite Prescription."—Mrs. Wm. HEDDERBAND, 911 4th St.

Watson, Ind.—"I wish to say in regard to Dr. Pierce's Favorite Prescription that I have taken it for trouble from which women suffer, also during pregnancy, and found it to be satisfactory in every way. I believe it to be a great medicine."—Mrs. MARY COOK.

withstanding hundreds of millions of dollars have been loaned to our European allies. They too, must provide, and being without our magnificent industrial equipment are forced to buy in America with American money, to the repayment of which they have pledged their national honor.

The continuing value of a dollar, from a commercial viewpoint, depends directly upon the strength and stability of the government which issues the dollar. The indorsement and guarantee are backed up by the entire strength of the government in money, materials and man-power. Therefore, the entire wealth of the United States, estimated at more than 200 billions of dollars—an inconceivable sum—a resourceful and affluent 110,000,000 of highly productive people, stands back of the Liberty Loan. The total sum now asked altogether amounts to less than 3½ per cent. of the nation's present wealth, a very small proportion truly, in view of values at stake.

As has been pointed out, it is essential that the government of the United States defend these \$200,000,000,000 of national wealth, if they are to continue to be worth even a small fraction of the two hundred billions. In fact if the enemy is permitted to lay hands upon any or all of it, what is left it is not likely to be worth anything at all to those of us who survive the extracting process.

In this instance, too, the American citizen who buys a Liberty Bond is paid a substantial dividend for the money he applies to insuring his own safety and security. It is a mutual insurance proposition upon which more than 100 per cent. dividends are paid upon the premium. And who can afford to go without insurance when the premium is returned with interest and there is no loss of principal?

The moral is—buy all the Liberty Bonds you can finance and do it now. The subscription closes June 15 and Uncle Sam ought not be deprived of what he has so generously distributed to you—a share of national wealth and liberty.

## Let Utility Rule Fairs

In the preparations for the various state and county fairs to be held this fall, it will be well if we all stop and consider the question of exhibits.

Heretofore exhibitors at these fairs have been inspired by one controlling ambition—to have the best possible specimen on exhibition, frequently regardless of the cost.

This year the item of cost should receive careful attention. Especially is this true in the case of live stock exhibits.

If there were any means of ascertaining the amount of feed consumed in this country annually by "show" stock, with little if any return in actual market value, we would doubtless be amazed at the quantity. Stock of all kinds—horses, cattle, sheep, hogs and poultry—are fed up, petted and pampered, with no purpose of real efficiency or actual market value, but purely for show. And frequently the cost of producing the specimen is out of all proportion to the real value.

Such a practice should be discouraged this year. No person should lavish feed and care upon any animal with any other object in view save to get a bona fide return in dollars and cents—that is, in actual value that could be converted into money, and that at a profit.

For instance, the average hog reaches the maximum of profitable growth at from 400 to 500 pounds. Frequently any additional weight is procured not only without profit, but at a loss. The same holds good in other lines.

The object to be aimed at this year is to see that every dollar's worth of feed consumed shall yield more than a dollar's worth of the animal to which it is fed. Any other course is waste, which is inexcusable while our country is at war and sorely in need of every ounce of farm production.

Let the prize stock pass for this year. Feed for returns in actual value.

It is not necessary to be stingy or resort to parsimony in your personal or household expenditures, but it is highly essential that every person refrain from extravagance or waste of any nature while we are at war with a powerful foreign country.

## NEWS OF INTEREST FROM

## MANY POINTS IN COUNTY

**In and Around Fairview**  
Robert Longfellow has returned from Martinsville where he took treatment for rheumatism.

Mr. and Mrs. Miles Daubenspeck and son Walker and Mrs. Rebecca Thrasher were visitors in Rushville Wednesday.

John Nipp, Sa., of Washington township was a business visitor in Fairview Wednesday.

Mr. and Mrs. John Smelser and son, Glen and Miss Eva Bowles and their guest Miss Jule Smelser of Detroit, motored to New Salem Thursday and spent the day with Mr. and Mrs. Harve Smelser.

Mrs. Frank Huddleson and daughter Mary of Mays visited her brother, John Higley and sisters, the Misses Sallie and Lenna Thursday.

Mrs. Raymond Bowles and daughters Vera and Mary Elizabeth of Mays visited Mr. and Mrs. John Brown Thursday.

Mrs. Charles Westover of Washington township visited her parents Mr. and Mrs. Charles Chance Thursday.

John Higley was a business visitor in Richmond last week.

Mrs. Wilbur Gibbs visited her parents, Mr. and Mrs. Hiram Shipley at Yanketown last week.

Mr. and Mrs. John Hittle and son Fred were in Rushville last Saturday.

Ray MacElfresh has returned home from Martinsville.

Mr. and Mrs. Charles Woods of Cambridge City were the guests of John Higley and sisters, Sallie and Lenna Sunday.

The Rev. G. F. Powers conducted the funeral of Samuel Nixon Sunday at the Fairview church.

Miss Lily Birch has returned from an extended visit with friends and relatives near Oxford, Ohio.

## Little Flatbrook

The Misses Helen Norris and Ruby Scully drove from Lafayette Friday and visited Mr. and Mrs. Bert Norris until Sunday.

D. C. Brooks has a new automobile.

Miss Mildred Myers came home from DePauw university Saturday.

Miss Grace Dewester will return to Indianapolis Saturday to stay with her cousin, Miss Lena Myers, who is ill.

Mr. and Mrs. Ed Newby and fam-

ily visited Mr. and Mrs. Robert Kennedy Sunday afternoon.

Mrs. Charles Carney who underwent an operation for appendicitis at the Sexton sanatorium last week is improving nicely.

Mrs. Ed Moore underwent an operation for appendicitis Saturday and is doing well.

Miss Helen Wilson is staying at the home of Charles Carney with Miss Leila Wilson.

Arthur Kenner of Chicago will come Saturday for a two weeks vacation with his parents, Mr. and Mrs. C. B. Kenner. Miss Bessie Dahrends will accompany him for a week's visit with friends.

There were 148 in attendance at Sunday school Sunday. A crowded house attended the exercises in the evening. The children's Day offering was \$192.

The C. W. B. M. will meet at the church Thursday afternoon at 2:30 o'clock. The hostesses are the ladies of the June division: Mrs. William George, Mrs. H. P. Metcalf, Mrs. Sam Bever, Mrs. Earl Bever, Mrs. Paul Daubenspeck, Mrs. Charles Wilson and Mrs. F. C. George. The leader is Mrs. Charles Wilson. The Mission Band will meet at the same hour in the Sunday school room.

Evansville—Jesse Whitaker was 6 feet 6 inches tall so recruiting officers decided that he would make too good a target and turned down his application to join the marines.

Indianapolis—Do you "plant" or "sow" beans? An argument over this question resulted in Isaac Allen and his wife being brought into court. Judge Lahr sent them home and told them to hoe beans and not worry about "sowing" or "planting."

## Notice to Contractors

Notice is hereby given that the Common Council of the City of Rushville, Indiana, will receive sealed bids or proposals for the construction of cement sidewalks on Cherry street from Eleventh street to the first alley north of Twelfth street, on east side of said street, according to the drawings, plans and specifications now on file in the office of the City Clerk until 7:30 o'clock p. m., on the 24 day of July, 1917.

Each bidder must file with the City Clerk of said City when he files his bid the usual statutory affidavit and deposit with him the sum of (\$100) dollars as a guaranty that he will accept said bid and carry out the construction of said work. The successful bidder will be required to give a bond with surety approved by said Common Council, insuring the faithful completion of said work according to the contract.

The Board reserves the right to reject any and all bids and re-advertise for said work.

CARL L. GUNNING, City Clerk.

## MEN AT FORT ARE NOW SUPPLIED

Quartermaster's Department Has Overcome Many Things and Is Working Smoothly

HAD TROUBLE AT THE START

Poor Roads Made Hauling Difficult and Shipments Were Slow in Arriving

Ft. Benjamin Harrison, June 6—Under the able direction of Maj. McCankey, the quartermaster's department which has charge of taking care of 5200 men in training for officers here, was "on top" of the situation today and indications were that no further difficulty would be experienced in rationing and equipping the men.

It is some job, as Maj. McCankey will testify, to have more than 5200 men on one day, all needing clothing, food, and detailed equipment of a soldier. This is especially true if just at the time the problem arises, transportation of the country is tied up so that it is almost impossible to procure rapid shipments and when it is necessary to haul all supplies over roads that stalled many a huge military truck.

With these conditions it wasn't any wonder that the men at camp were going around wearing all sorts of raiment, from derby hats to rubber boots.

But the quartermaster's department has hit its stride now. The main problem was to see that the men had plenty to eat—after that clothing and soldiers' equipment could be provided. Now every man is decked out in true military style from his tan shoes to his military hat.

As for supplying food, the department has the thing worked out so well that they are now giving the men war bread and other extra-military rations to get them accustomed to life in the field. War bread has supplanted hard tack in the army. It has a hard crust and will keep fresh for a long period under adverse conditions.

Crawfordsville—Forty-eight fatherless children of France have been adopted by residents of Crawfordsville.

## EAT LESS—IT WILL DO YOU MORE GOOD

FOLLOW YOUR MEAL WITH A LITTLE PEPSINCO—YOUR FOOD WILL SATISFY FOR A LONGER TIME—NONE WILL BE WASTED. IT WILL DO YOU 100 PER CENT GOOD.

It's a mistaken idea that the more you eat the more good it will do you. It's not what you eat; it's what you digest that does you good. Eat less—take Pepsinco and you'll feel better—you'll thoroughly enjoy what you eat and you'll cut your food bill down. Pepsinco is an aid to nature. It helps weak stomachs. It prevents strong stomachs becoming weak through carelessness in eating. Let Pepsinco digest the meal that you eat in a hurry. Time is money—Pepsinco is inexpensive. Hundreds have Pepsinco handy for such an exigency. Many suffer after every meal—they don't use Pepsinco. Thousands eat with a relish—they use Pepsinco.

No need for sour stomach, sick headache, indigestion, bloating, heartburn and food distress. Pepsinco must surely be used when your food kicks back; when stomach pains; when you belch up sour stuff; when you get up in the morning with a mean, disagreeable, dark brown taste; when your food does not taste natural; when stomach revolts at the sight of food; when sleep is interrupted with bad dreams; when breathing is heavy from gas pressure. Pepsinco never fails to help in all cases where misery follows a meal. Thousands today are using Pepsinco, happy in the thought that they have a reliable preparation to fall back on if stomach fails them. All druggists carry Pepsinco in small packages—large enough to show what they are worth. Get a package today, now, at once and not only help your stomach, but also cut your food bill down.

## PLANT LICE ARE NOW APPEARING

State Entomologist Warns That They Will Damage Garden Truck If Not Killed

ADVISES SPRAYING PLANTS

Indianapolis, Ind., June 6—Plant lice are appearing on a great variety of garden crops and ornamental shrubs and now is the time to kill them before they do any great damage, Frank N. Wallace, state entomologist warned today.

"Examining the under side of the leaves of your plants and if small insects are found, which are mostly green, get out the sprayer and give them a drenching of nicotine sulphate," stated Wallace. "Kerosene emulsion or whale oil soap can be used on some plants, but injure the foliage on others."

These insects do not eat the leaves but procure their food by piercing the bark or skin of the leaves. Thus they cannot be killed by placing an arsenic preparation on the leaves but must be destroyed by using a preparation which kills through contact with their bodies.

## UNLOADING OF THE MACHINERY STARTS

3 Cars of Equipment For Modern Appliance Company Arrive and Two More Are on Way

MAY BEGIN WORK BY JUNE 15

Unloading of three car loads of machinery for the Modern Appliance company, which arrived yesterday, was started this morning and John Crawley, who is superintending the erection of the building, expects to rush the work as much as possible so that the hopes of officials of the company, who came to Rushville yesterday, may be realized and the first products turned out in the new Rushville factory by June 15.

Two more car loads of machinery are on the road to Rushville and may arrive any time. Samuel G. Kuhlen, the sales manager of the company, is very anxious that the factory be in operation by June 15 because he has promised some customers that he will provide part of an order of telephone extension brackets by June 15 or as soon thereafter as possible.

Yesterday was Mr. Kuhlen's first visit here and he was well pleased with the surroundings. He says that offices will be maintained in Chicago because of the fine business which has been built up there. Whenever matters so adjust themselves, his office will be moved to Rushville, he says.

Terre Haute—Charles Anderson was arrested on the charge of slipping up behind William Jewell, a National Guardsman who was watching a bridge and hitting him over the head.

The ladies of the St. Paul's M. E. church will serve a luncheon Friday noon in the room just east of Albridge's grocery.

## Social Calendar

### Thursday

Emanon club with Mrs. Carl Beher, 405 North Main street, in the afternoon.

Social Dozen with Mrs. Sam Innis, 639 North Perkins street.

Missionary society of the Ben Davis Creek church, with Mrs. Avis Brooks.

Young Ladies Missionary society of the U. P. church with Mrs. William George, 1035 North Harrison street.

Happy-Go-Lucky club with Mrs. L. M. Clark, 631 North Main street.

Ladies Aid society of the Catholic church with Mrs. Kate Jones, assisted by Mrs. John Keating.

Willing Workers class of the M. E. church with Mrs. Frazier Johnson, 511 North Perkins street.

Thursday Afternoon Bridge club with Mrs. Jack Knecht, 219 North Harrison street.

Two tables of guests were entertained by Mrs. Carl Beher, yesterday afternoon, at her home in North Main street. Bridge made the lively diversion for the guests.

The Young Woman's Missionary society of the United Presbyterian church will meet tomorrow afternoon with Miss Edna George in North Harrison street.

The full membership was present at the meeting of the B. N. club last evening at the home of Miss Eleanor Doll in West Third street. Music and sewing featured the evening and luncheon was served by the hostess.

At the regular meeting of the Ladies Aid society of the U. P. church yesterday afternoon, with Mrs. Bert Trabue, at her home in North Harrison street, twenty members were present. After the business session, the afternoon was spent with needlework. Refreshments have been abandoned and the money given to the Red Cross and other charity organizations.

A cabinet meeting of the Epworth League of the St. Paul's M. E. church will be held at the home of Miss Marjorie Smith on Friday evening of this week when plans for the coming year will be made by the newly elected cabinet. The incoming officers are: president, Miss Frances Frazee; 1st vice-president, Miss Marjorie Smith; 2nd vice-president, Oscar Eden; 3rd vice-president, Miss Harriet Vredenburg; 4th vice-president, Miss Helen Sudder; treasurer, George Wiltse; secretary, Miss Hazel Stech.

The dispersal meeting of the Study club of Raleigh was held with Mrs. Greenwood Tuesday afternoon. Seventeen members and four guests,

Mrs. Roda Crull, Mrs. Cecil Estol, Mrs. William Greenwood and Mrs. Una Greenwood were in attendance. A short program was carried out, one of the numbers being a paper by Mrs. Margaret Lightfoot. Refreshments were served and flags given as favors.

Mrs. Carl Beher will entertain the members of the Emanon club tomorrow afternoon, and the members are requested to bring their needles, thread and thimbles as the club will sew for the Red Cross.

A number of friends surprised Mrs. Thomas Craig today at her home in Thirteenth street, by bringing in well filled baskets and serving a pitch-in dinner, the occasion being her birthday. Mrs. Craig received presents of cut glass and a beautiful hand painted plate. The table was decorated in pink and white peonies.

Forty members and two guests enjoyed the regular meeting of the Ladies Aid Society of the M. E. church, yesterday afternoon at the home of Mrs. Raymond Hargrove. During the business meeting, the society decided to serve a noon lunch, Friday, June 15, in the vacant room, east of the Aldridge grocery store. After other matters of minor importance were discussed, the meeting closed with the serving of dainty refreshments by the hostess.

A regular bi-monthly meeting of the Psi Iota Xi sorority will be held this evening at the home of Miss Gladys Wallace in North Perkins street. She will be assisted in entertaining by Miss Harriet Vredenburg. The meeting is an important one inasmuch as the officers will be elected at this time.

A number of the friends of Mrs. Walter Duke were pleasantly entertained as her guests yesterday afternoon at her home in North Perkins street. Informality featured the pleasant afternoon hours near the close of which the hostess served tempting refreshments. The home was appropriately decorated with spring flowers.

Miss Ruth Higgins entertained twelve members of her Sunday school class last evening, at her home in West First street. During the business meeting officers were elected as follows: president, Miss Ruth Higgins; vice-president, Miss Hazel Stoops; secretary-treasurer, Miss Leota Mull. Refreshments were served at the close of the meeting.

Mrs. Nate Weeks, assisted by Mrs. Belle Allen and Mrs. John Wolverton, entertained the W. R. C. Penny Social, yesterday afternoon at her home in West Fifth street. Thirty-five members and one guest, Mrs. Paul Colvin of Aegian, Mich., were in attendance. The afternoon was spent with needlework, part of the guests sewing for the Red Cross. Refreshments were served late in the afternoon.

Mr. and Mrs. Otis Crawford entertained a number of friends Saturday evening at dinner at their home

## Summertime's Great Supply House

### Ready to Outfit You in Summer Togs

Our stocks are replete with all the novel garments of the new season. Possessing all the late style touches, they will be as welcome to you as is the morning sun. We want you to partake of the freshness afforded by this immense showing.

Dainty summer dresses, either simple or elaborate, fashioned from beautiful voile, marquisette, linen, linene, lawn, and gingham, are here by the hundreds. Why not choose yours while the assortment is at its best?

Exquisite costumes of taffeta, georgette, crepe de chene, crepe meteor, and tub silk in one-of-a-kind models. A big variety at \$13.50 and \$15.00 is sure to interest you. Handsome silk suits, in tailored or sport models, in Es Corto, La Jerz, Khaki-Kool, Yo San, Faille and Taffeta.

Your summer wardrobe must include one of our garden jackets or smocks—entirely new. A middy is indispensable, too. We are showing some beautiful shades in fibre and jersey silk sweaters.

There is nothing more serviceable than a suit of course Irish linen or silverbloom. Jaunty styles. Priced from \$12.50 to \$16.50.

Hundreds of splendidly tailored wash skirts, including the famous Wooltex Pre-Shrunk, at \$1.00 to \$7.50. Exquisite sport silk skirts of Yo San and Khaki-Kool up to \$25.00.

The new Wirthmor and Welworth Waists are here. Choose several from the vast range of styles. \$1.00 and \$2.00

### TO GIVE TALKS FOR KODAK ENTHUSIASTS

Miss Lydia Lewis will give the first of a series of half-hour talks to kodak enthusiasts next Saturday afternoon at 4:30 o'clock in the Euphemia Lewis studio at 222 North Main street. Invitation is extended to those interested in outdoor photography. Since an artistic sense is essential to good photography, Miss Lewis will endeavor to give some idea of the composition of groups and landscapes. Films will be criticized and suggestions offered for making kodak photographs worth while.

Miss Lewis studied at the Chicago Art Institute. Her knowledge of art as applied to photography is expected to interest and help those who hear her.

### TODAY'S HOOSIER ODDITY

Peru, Ind., June 4.—Here's the first snake story of the season and it stands a fair chance to hold the championship. Lee Aldridge was working in a corn field when he saw a blue racer about four feet long. He threw a clod of dirt at the snake, but the reptile instead of turning, took after Aldridge. In order to escape the man jumped on a horse standing nearby and started to gallop across the field. The snake, living up to its name, caught up with the horse and started to climb its leg after Aldridge. Neighbors arrived in time to kill the snake and keep it from injuring the man.

### ITALIAN LOSSES 160,000

(By United Press.)

Vienna, June 5.—Italy's offensive in the Isonzo battle of the last nineteen days have cost her 160,000 in killed and wounded and 20,000 in prisoners taken, by the Austrian forces, an official statement said today.

Terre Haute—The company of engineers at Terre Haute has been recruited to about 110 men and they are ready to leave at any time the war department orders.

### ELLIS MAKES A PLEA FOR HIGHER EDUCATION

Continued from Page 1.

the highest average in his grades of any pupil in the county.

"This event is worth a great deal" said Dr. Ellis "if for nothing more than to enable the people of Rush county to forget their worldly cares for the day and to mingle as neighbors and as one people. These graduation days are joy days to me. The heart throbs of these children is different now than at any other time. They are merely children and this, their first commencement will make an impression that they will never forget."

Dr. Ellis paid a tribute to the township trustees by declaring that while they are often criticised by the school patrons, the people should remember that they serve and do a noble work for comparatively no pay. "I know of no class of men who do the work they do for so small a compensation," said Dr. Ellis.

He also complimented the trustees for re-electing C. M. George county superintendent. He declared that one of the big tasks a successful county superintendent faced was to know the people, the peculiar needs of certain communities, and he declared that Mr. George knew these needs and if for no other reason this should entitle him to the office.

Dr. Ellis made a strong plea for the parents to permit their children to go higher in their school work. "Encourage these children to go to high school," said the speaker, "and when the high school is completed permit them even to go to college if they so aspire."

Mrs. Branan, wife of the superintendent of the Carthage light plant, was removed to her home today from the Sexton sanatorium, where she underwent an operation several days ago.

### SWEET POTATOES LIKE HOT WEATHER

They Are an Excellent Substitute For Irish potatoes, State Food Director Says

### WILL GROW IN SANDY SOIL

(By United Press.)

Indianapolis, Ind., June 6.—"Hot dry weather that will injure most garden crops is the particular delight of sweet potatoes to which many people are looking for a substitute for Irish potatoes," said a bulletin issued by G. I. Christie, state food director today. "This crop can be grown on Indiana light, well drained sandy soil very well, but should not be planted on stiff clay soils."

"Sweet potatoes are grown from slips or sprouts that come up when mature tubers are imbedded in the soil and can usually be purchased from market gardeners who deal in plants for transplanting."

"Land on which these are to be planted should be thrown up, after plowing into ridges, a foot high and three feet apart to aid in draining and warming the soil. The slips are set on the ridges, sixteen inches apart, in a wedge shaped opening made by a spade, the soil then being packed firmly around the plants."

"Sweet potatoes should be dug before the vines are killed by frost. They should be stored in a warm, dry place."

### ODAY'S HOOSIER ODDITY

Crawfordsville, Ind., June 6.—Instruction in the manual of arms by means of brooms is being given student soldiers of Wabash College. Capt. I. L. Leonard is appointing a "color guard" daily for the purpose of raising and lowering the flag.

# IN RUSH COUNTY TUESDAY CLAIMS ALLOWED FOR 1460 MEN REGISTER

Continued from Page 1

did not register a man after two o'clock yesterday afternoon, but the polls had to remain open until nine o'clock under the law.

The registration brought out many interesting facts. In two precincts of the county not a single exemption was claimed. In Orange No. 1 with a registration of 37 and in Walker No. 1 with 43 registrations not a single man claimed exemption.

In Ripley township, a Quaker stronghold, the religious prejudice against war failed to manifest itself. In two of the precincts a total of our men claimed exemption because of religious scruples.

As far as is known the board is not aware of anyone trying to evade the law. The local board will follow the instructions of the provost marshal, who asked that the board put a liberal interpretation on the law. The board will receive registrations for a few days of anyone who failed to register providing he can give a good excuse. If it can be shown that any party failed to register in good faith or was prevented by a good excuse the board will enter him for registration.

The registration by precincts follows:

Rushville township—No. 1—50; No. 2—31; No. 3—43; No. 4—91; No. 5—36; No. 6—53; No. 7—66; No. 8—43; No. 9—38; No. 10—27.

Ripley township—No. 1—32; No. 2—48; No. 3—42.

Posey township—No. 1—64; No. 2—45.

Walker township—No. 1—43; No. 2—37.

Orange township—No. 1—37; No. 2—27.

Anderson township—No. 1—61; No. 2—75.

Jackson township—No. 1—48.

Center township—No. 1—50; No. 2—28.

Washington township—No. 1—29; No. 2—41.

Union township—No. 1—49; No. 2—54.

Noble township—No. 1—34; No. 2—53.

Richland township—No. 1—69.

In the entire registration not an alien enemy was found in the entire county. One man in Ripley township is a native of Austria, but as this country is not at war with Germany's ally, he could not be classed as an alien enemy.

In one precinct in Rushville township two foreign born residents were registered. One is a declarant and the other is a citizen of his native country.

Lafayette—Seven acres of ground have been purchased by the Monon road here and modern shops will be erected.

Miller's Antiseptic Oil Known As  
**Snake Oil**  
Will Positively Relieve Pain in Three Minutes.

Try it right now for Rheumatism, Neuralgia, Lumbago, sore, stiff and swollen joints, pains in the head, back and limbs, corns, bunions, etc. After one application pain disappears as if by magic.

A new remedy used internally and externally for Coughs, Colds, Croup, Sore Throat, Diphtheria, Tonsillitis. The oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration pour ten drops on the thickest piece of sole leather and it will penetrate this substance through and through in three minutes.

Accept no substitute. This great oil is golden red color only. Every bottle guaranteed; 25c, 50c and \$1.00 a bottle or money refunded. Get it at F. E. Wolcott's, Nye's Druggist. —Adv.

# CLAIMS ALLOWED FOR METERS ARE NEAR \$8,000

Continued from Page 1

draw up plans and specification for the proposed extension and the contract will be let by competitive bids. The sanitary system was never extended in this section of the city and it is now proposed to build the extension as a public improvement.

The question of straightening the retaining curb at the intersection of Main street and the C. I. & W. railroad crossing was left with the street committee. The railroad is ready to put in a new crossing and the city believed it advisable to straighten the retaining curb in order to eliminate a very rough crossing.

An ordinance creating a rate for electric heating and cooking was passed on first reading and carried over to second reading. The established power rates are made to apply to this kind of service.

The city treasurer reported that under the new method of reading the electric light meters the increase in revenue for the past month from about forty consumers was \$150. These consumers are in the business district where the meters are read each month.

The question of buying a Ford truck for the water and light plant was left with the water and light committee with power to act.

No remonstrators appeared against the proposed sidewalk improvement in North Cherry street and the council established July 3 as the time for receiving bids.

# WILL ASK COUNTY TO PAY FOR ITS LIGHTS

Continued from Page 1

for the purpose of lighting the streets, alleys and other public places of any city or town, and the cost of construction is ascertained, and any county in the state owns real estate abutting upon any street or alley, as hereinbefore provided; then the cost of constructing lamp posts, lamps, conduits, wires and necessary connections with the main source of supply furnishing said lights, on the side of the street abutting any property owned by any county in the state, shall be filed as a claim with the board of commissioners of such county, and such county shall pay such expense, and it is hereby made the duty of the county council of such county to make an appropriation for furnishing of such lamps, lamp posts, conduits and necessary expenses in connecting such lamps to the main source of supply, and the county council of such county shall appropriate a sufficient sum to pay the cost of furnishing the light for each of the said lamps on the side of the street abutting the real estate of such county, and such expense of furnishing light for each of said lamps shall be the debt of said county owing to such city or town, and such city or town shall file a claim with the board of commissioner of any such county for such expense as other claims are now filed against a county, and such cost for furnishing of such lights shall be paid for by said county upon a claim filed by the board of works, common council or board of trustees of such city or town in which such system is installed, constructed and erected. Such cost of furnishing the lights shall be paid for by the said county every three months upon the proper claim and account therefor being filed by said city or town as herein provided.

Sec. 5—Whenever it is ascertained and provided by a resolution duly adopted by the common council of any city or the board of trustees of any town, of the cost of construction of that part of a general lighting system on the side of the street abutting any property owned by any county in the state, or the cost of furnishing and maintaining the lights on the side of the street abutting such property and real estate owned by any such county, and a certified copy of the resolution fixing such cost is filed with the county auditor of any such county, then it shall be the duty of the county council of such county to make an appropriation for such expense within sixty days after the filing of said certified copy of said resolution with said county auditor, and it is hereby made the duty of such county auditor to call said county council in special session for the purpose of making such appropriation, and if it is thereby made the duty of said county council to appropriate money sufficient for such

## Why The Anker-Holth Cream Separator Satisfies The User.

BECAUSE it is simple in construction, easily operated and economic.

BECAUSE it contains fewer mechanical parts than any other separator made.

BECAUSE the bowl being self-draining, makes it non-freezing in cold weather.

BECAUSE it is the most sanitary separator made, insuring a cream of great purity.

BECAUSE it is easily cleaned and easy to turn—that's why the "women folks" like it.

BECAUSE it is the only separator with a dirt chamber that removes all impurities from the whole milk before it enters the discs for cream separation.

## MASSACHUSETTS MUTUAL LIFE INSURANCE COMPANY

POLICY NO. 2319, ORDINARY LIFE, \$2,000.

Issued March 9, 1888; age 33; annual premium \$49.80

Total premiums paid to date	\$2,938.20
Total dividends paid to date	1,396.36
Net cost to date	\$1,544.84
Average annual cost per \$1,000	\$13.09
Present cash value	\$1,761.38
Net cost	1,544.84

Excess of cash value over net cost \$ 216.54

Annual premium \$49.80

1917 dividend 40.16

Net cost for 1917 \$ 9.64 or \$4.82 per \$1,000

Average annual dividend 47.42% of the premium

1917 dividend 80.64% of the premium

On the last policy anniversary, March 9, the insured could have surrendered his policy for \$1,761.38. His total payments to the Company were \$1,544.84. He would have had insurance protection of \$2,000 for 59 years, and there would have been returned to him \$216.54 more than he had paid to the Company.

## Senreco

The double-service tooth paste, keeps teeth clean AND GUMS HEALTHY.

Appreciations from dentists who have personally proven Senreco. Names on request.

Birmingham, Alabama, Mar. 20, 1917.  
I am using Senreco myself. Gums have improved wonderfully.

Rochester, N. Y., Feb. 7, 1917.  
I find Senreco a great help in my work.

Chicago, Ill., Mar. 16, 1917.  
I find by twelve months' personal use and from my observation of results obtained from the use of Senreco that soft, spongy gums which fail to respond to other treatments have at once shown marked improvement.

Philadelphia, Pa., Jan. 23, 1917.  
Senreco actually improves the condition of the gums by reducing inflammation. I highly recommend it.

Columbus, Ohio, Oct. 29, 1916.  
I find Senreco very beneficial.

Chicago, Ill., April 7, 1917.  
I am using your excellent tooth paste in my home and the other members of my family have given up their old-time favorite for Senreco.

Buffalo, N. Y., Oct. 15, 1916.  
Am well pleased with Senreco—as are my patients.

New York City, Mar. 27, 1917.  
Senreco is the best tooth paste in use this day.

Try this remarkable dentifrice yourself. Get a tube of Senreco at your druggist's or toilet counter today. Costs only 25c for large 2 oz. tube.

the expense as provided for in this act, within sixty days from the time when such certified copy of a resolution of the common council of such city or board of trustees of such town was filed with the auditor of such county.

+++++ TODAY'S HOOSIER ODDITY +++++

## It's Like Buying a Gold Dollar for Ninety Cents

**AT ITS PRESENT PRICE (\$875 f. o. b. factory) Reo the Fifth is the greatest buy in the market.**

**WHY, JUST CONSIDER!** That was the price when cost of manufacture was vastly less than now.

**AND YOU'VE SEEN** prices advance all along the line since then.

**THE REO FOLK** have steadfastly refused to add a dollar to the list price of Reos as long as there was any margin of profit at all at standard prices.

## WILL ASK RENEWAL OF APPROPRIATIONS

Womans Council to Seek Same Sums From City Council and School City For Nurse Fund

### NEW SECRETARY IS ELECTED

The Rushville Womans Council, at the meeting at the Rushville National bank last night, determined to ask the city and school authorities here to appropriate again the sum of money they have been paying toward the visiting nurse fund. The school city's appropriation of \$490 ran out at the end of the school year and the city council's appropriation of \$450 expires at the end of the calendar year, June 30.

Mrs. Emily Coleman and Miss Anna Bohannon were appointed as a committee to make the request for renewal of the appropriations. Because of other demands on people due to the war, the fear was expressed by some that there might be difficulty in raising the \$1,200 necessary to support the nurse. Other members of the council, however, pointed out that the services of the nurse would be needed more than ever in the future on account of the war. Representatives present of women's organizations who this year raised money for the nurse fund promised that their clubs or societies would do as well next year and several individuals said they would raise their subscriptions rather than see the nurse fund fail.

Miss Marjorie Smith was elected secretary of the Womans Council to succeed Mrs. Roy Mayse, who has moved to Muncie.

## WILL CONVEY TUESDAY

Grand Jury Will Not Be Called Together Until Next Week

The grand jury, originally called for Friday, will not convene until Tuesday. On account of the registration yesterday requiring the time of Sheriff Cavitt it was impossible to subpoena witnesses and then it was decided to call the jury together Friday. Friday the Republican convention will be held here and this was not considered a good day to convene the grand jury so the date is now set for next Tuesday. Just what will be taken up by the grand jury is not known.

—Miss Myrtle Havens visited in Indianapolis today.

## IS THE UNDERWEAR WE RECOMMEND AND STAND BACK OF

- if you seek the highest quality of fabric and finish.
- if you are looking for perfect fit and underwear comfort.
- if you believe in real economy.

## INDIANA IS LIKELY OVER HER ESTIMATE

Scattering Returns Indicate Registration in The State is Between 275,000 and 300,000

HER QUOTA THOUGHT 260,011

(By United Press.)

Indianapolis, Ind., June 6.—Although final figures on registration in Indiana will not be available until tomorrow, scattering returns today showed that Indiana had probably exceeded her estimate by more than ten thousand. Officials in touch with conditions over the state estimated that from 275,000 to 300,000 had registered. Indiana's estimated quota was 260,011.

Exemption boards are going to have a big job on their hands when they start work, according to reports reaching here. About one-half of those who presented themselves for registration claimed exemption. The greater majority claimed exemption on the grounds of having others dependent on them.

Others pleaded physical or conscientious objections to war. Many Dunkards in northern Indiana and a few Quakers declared they were willing to serve with the Red Cross or in other capacities but that they did not want to fight.

## CAMPAIGN FOR RED CROSS WAR RELIEF FORMULATED

Continued from Page 1.

how much they give, they can not near approach the sacrifice which the young man, who is offering his life to his country, is making. In this manner, the Red Cross thinks, can the people be brought to realize that it is their conscientious and patriotic duty to make sacrifices to give to the Red Cross war relief, the authorized agency in the United States, for this stupendous undertaking.

Many members of both committees said last night that they had a new vision of the Red Cross work after Mr. Thomas explained the early plans for Red Cross Week. They declared that they were just beginning to realize that the United States is at the serious business of war and that it is squarely up to those who are not in a position to go to war to do their duty at home by giving liberally of their time and money to the Red Cross.

The immensity of the task which faces the Red Cross organization is realized when it is known that the Red Cross expects to raise one hundred million dollars Red Cross Week for war relief. It is reported that New York state alone has set its goal at forty million dollars, leaving the remaining sixty million dollars for the other forty-seven states and the national headquarters.

## WAR BONDS

The humblest stay-at-home can do important war duty now by purchasing one or more bonds of the LIBERTY LOAN. They cost \$50, \$100, \$500, \$1,000 each and upwards, and they earn 3½% interest. The safest investment in the world, backed by the total resources of the richest country on earth.

The man who invests in the LIBERTY LOAN is not giving anything away; he is simply lending money to the Government at 3½ per cent interest. He certainly needs no urging to do this. But he must do so QUICKLY. Time is all-important. See a banker today and make your subscription.

## MIRIAM ABERNATHY DIES

Seventeen-Year-Old Daughter of Richard Abernathy Expires

Miss Miriam Abernathy, 17 years old, daughter of Richard E. Abernathy, died last night at her home, corner of Seventh and Oliver streets, following an illness from tuberculosis. She had been in a critical condition for some time and her death was expected. She is survived by her father, her mother and one sister, Mrs. Margaret Abernathy.

## GOOD PROVIDER'S FAMILY

This is Grandma Good Provider. Eating good food's made her wider!

Grandma says, "I'd rather pay the grocer than the doctor any day." She's got the same idea about buying good groceries that Ma and Pa Provider have. She deals at the store where food prices are right and politeness doesn't cost a penny.

It will only cost you \$1 to join the Red Cross.
